

## Alaska Clean Harbors

The Port of Homer is a member of the Alaska Clean Harbors and engaged in a voluntary process that encourages the use of [Best Management Practices](#) to reduce the production of non-point source pollution.

For further information contact [Alaska Clean Harbors](#), 3734 Ben Walters Lane, Ste. 201 Homer, Alaska 99603, (907) 235-4068.

### Basic Environmental Rules & Practices

- **A Sheen Is A Spill**

Dispersants are not only **illegal**, but **deadly** for marine life! Report all oil spills to the NRC at 1-800-424-8802 and the Harbormaster's Office.

- **Hazardous Materials**

Paint, paint chips, and grinding dust are hazardous and must be contained. These kind of materials entering the harbor and waterways constitutes pollution and punishable by fine pursuant to HMC 10.08.020.

Please contact the Kenai Peninsula Borough regarding their [Hazardous Waste Disposal Program](#) on how to properly dispose of these materials and chemicals.

- **Discharge of Sewage**

The discharge of sewage into the harbor is prohibited. Contact the Harbormaster's Office for access to the marine holding tank pump-out facility.

- **Fish Carcasses**

No fish carcass disposal is allowed in the harbor. There are areas designated for fish cleaning and carcass dumping within the harbor area.

- **Boat Washing**

When washing your boat in the harbor, use [cleaning products that are safe for the environment](#).

- **Conserve Fresh Water!**

We all must do our part to turn off hoses when not in use, report excessively leaking connectors on the docks, and curb usage to a minimal or when necessary.
