

Kachemak Currants - City of Homer Quarterly Newsletter

The Kachemak Currants is the Quarterly Newsletter produced and distributed to the residents of Homer who have water & sewer connection and those owners and businesses who moor their boats in our Harbor.

We currently are encouraging the public to access electronic copies to reduce the energy and expenses in producing this information. Creation of this webpage is one more step in our continuing efforts to reduce costs and save energy.

This newsletter contains highlights of City Council meetings for the previous quarter and assessments due on various Local Improvement Districts for the upcoming quarter.
