RESOLUTION 13-007

A RESOLUTION OF THE CITY COUNCIL OF HOMER, ALASKA, AUTHORIZING A TRANSFER OF RESPONSIBILITY AGREEMENT (TORA) AND A TRANSFER OF FUNDS BETWEEN THE CITY AND THE ALASKA DEPARTMENT OF TRANSPORTATION AND PUBLIC FACILITIES (ADOT/PF) REGARDING INTERSECTION IMPROVEMENTS AND TRAFFIC CONTROL AT MAIN STREET AND THE STERLING HIGHWAY.

WHEREAS, The City has received a Legislative Grant in the amount of \$2 Million to construct improvements at the intersection of Main Street and the Sterling Highway; the intersection of two State roads; and

WHEREAS, The project has been delayed for several years by a combination of factors including changing cost estimates, the need for additional funds, and the complexities associated with attempting to use a municipal grant for improvements on a State highway; and

WHEREAS, The Legislative Grant expires on June 30, 2012 and it is important that decisions are made quickly regarding its ultimate use; and

WHEREAS, ADOT/PF has been approved for Federal Highway Safety Improvement Program funds in the amount of \$2.8 Million to make intersection improvements at that location and the approval includes authorization to construct either a traffic signal or a roundabout; and

WHEREAS, Whether a roundabout or a traffic signal is constructed will be based upon engineering, design, permitting, land acquisition, cost estimating, and budget considerations that will become clearer as the project proceeds through the preconstruction phase; and

WHEREAS, DOT/PF has indicated to the City that it would be very willing to accept a transfer of the legislative grant funds but only to insure that it has enough money to build the intersection improvements to the safest standards possible; and

WHEREAS, ADOT/PF has indicated further that regardless of whether a roundabout or a traffic signal is constructed, extensive ROW work, land acquisition, site preparation, approach lanes, turning lanes, and utility work will be required and the extra money will insure that unanticipated costs can be addressed, additional delays can be avoided, and that the best and safest intersection can be constructed; and

WHEREAS, This intersection has been identified by ADOT/PF, the Homer Police Department, and the community at large as the most dangerous intersection in town; and

WHEREAS, It is in the public interest to construct the best traffic control improvements at this intersection possible
