WHEREAS, The City Council has determined that it will not consider any new leases on this property until a land use plan is approved that considers the overall best interest of the City now and in the future; and

WHEREAS, The revised concept plan included a new Water Trail launch site, relocating the campground office, relocating and building a new picnic shelter, improving the day use areas, extending trails, reconfiguring the campground and making more efficient use of available space, and dividing and separating recreational uses from marine industrial uses; and

WHEREAS, The Council considered Memorandum 13-069 from the City Planner which addressed the new concept plan and the background for planning and Memorandum 13-032 from the City Manager regarding steps the Council needed to take if it wanted to make property available for lease on this parcel; and

WHEREAS; During the discussion regarding Resolutions 13-056(S) and 13-063 at the regular meeting on June 10, the Council reached the conclusion that it might be best to offer the southeastern two-thirds of the parcel for lease in order to provide opportunities to all interested parties and get a better indication of what the market demand might be.
