

Memorandum 14-035 Fire Department Laptop Computer Replacements

Memorandum ID: 14-035

Memorandum Status: Backup

Memorandum 14-035

To: Walt Wrede, City Manager
From: Nick Poolos, IT Manager
Through: Bob Painter, Fire Chief
Date: February 18, 2014
Subject: Homer Volunteer Fire Department Panasonic Toughbook Replacement

The Homer Volunteer Fire Department uses a computerized information management system, Image Trend Rescue Bridge, for data collection, analysis, and reporting. Integral to this system are three rugged laptops that allow for data entry in the field. The currently used laptops are running Windows XP and have started to suffer hardware failures.

On April 7th 2014, Microsoft will stop supporting Windows XP. This means Microsoft will no longer release security patches and fixes for the Windows XP operating system. These laptops need to be running Windows 7 to receive security patches and updates. The current laptops are resource constrained and will not run Windows 7 well. These laptops are used to process HIPPA protected data and the City is required by law to secure this data.

City of Homer IT has identified a replacement configuration from the Panasonic Fully Rugged Toughbook line, CF-31XFLAXLM. This model is available at reduced cost through the State of Alaska WSCA contract. Additionally IT has included an extended service plan that covers hardware failures and damage for 3 years, including damage that may occur in the field.

Recommendation:

City Council pass an ordinance allocating \$11,331.48 from the Homer Volunteer Fire Department Reserve Account for this replacement.
