GENERAL INFORMATION - MUNICIPALITY OF HOMER

The City of Homer is a first Class General Law City with a City Manager form of government. The City of Homer was incorporated March 31, 1964, shortly after the earthquake.

Including Uplands and Tidelands the Incorporated City Limits contains 13,295 Acres m/l. and has a population of approximately 5,051 as of 2011.

A General Law City can only do what the law says they can do (AS 29.35). A city has only those powers given it by the state:

- 1) General Governmental Powers
- 2) Financial
- 3) Administrative
- 4) Legal
- 5) Powers to provide a wide range of community service and facilities; in practice, however, population and the physical constraints serve to limit the number provided by many cities.

A First Class City:

- 1) Must have a minimum population of 400 in order to incorporate as a First Class City.
- 2) The Mayor is elected by the voters and is not a member of Council.
- 3) The Mayor may vote only in cases of a tie or to veto action of Council.
- 4) May levy a property tax of not more than 30 mills, except to pay off bonds.

GENERAL INFORMATION - KENAI PENINSULA BOROUGH

Our Borough, Kenai Peninsula Borough, is a Second Class Borough. The governing structure consists of a Borough Assembly (the legislative body), a Borough School Board (operates the school system), a Borough Planning Commission and a Borough Mayor.

Boroughs are units of government formed for the purpose of providing services to persons residing in a large geographic area or region including two or more communities.

Mandatory Area Wide Powers and Duties:

- 1) Education
- 2) Planning/Platting/Zoning
- 3) Tax Assessment and Collection

Boroughs may provide additional services on an area wide basis, a non-area wide basis (outside of cities), and/or a service area basis.

GENERAL INFORMATION - STATE OF ALASKA

The Alaska Constitution establishes the policy of maximum self-government for the people. This policy has been implemented through the creation of city and borough governments to provide for essential public services. Alaska is unique among the fifty states in that most of its land mass has not been organized into political subdivisions equivalent to the county form of government found in the majority of states. This area of the state is called the "unorganized borough" and includes vast amounts of land which are sparsely inhabited.

The city and borough are distinct legal entities incorporated under the laws of Alaska to perform both regulatory (police, zoning, animal control, etc.) and proprietary (water, sewer, airport, etc.) functions. Most of the laws relating to the organization and operations of municipal government can be found in the State Municipal Code, Title 29, of the Alaska Statutes.

- Statehood: January 3, 1959
- State Motto: North to the Future
- State Population: 731,449 (2012 Census Estimate)
