MEMORANDUM 10-21

TO: MAYOR AND COUNCIL
FROM: KEVIN HOGAN, COUNCILMEMBER
DATE: JANUARY 19, 2010
SUBJECT: ROLLING STOCK ACTIVITY STATISTICS

The City of Homer has a significant fleet of vehicles and equipment. It would be useful to the Council to have a baseline database of equipment use. Statistics on monthly odometer and /or hour meter readings and notations on maintenance would be a useful tool for the Council in stewardship of fleet reserves.

Recommendation:

Instruct administration to include a complete listing of equipment use in monthly statistics report.
