

Lighting Standards

The **Lighting standards** aim to reduce glare and light trespass and apply to the business and commercial projects. Depending on the scope of the project a Lighting Plan maybe required per HCC 21.59.030. For simple projects simply circle the type of cut-off light fixture you are using or provide your own.

UNACCEPTABLE Fixtures that Produce Glare and Light Trespass	ACCEPTABLE Fixtures that Shield the Light Source to Minimize Glare and Light Trespass - Facilitating Better Night Vision
 <p data-bbox="386 747 683 779">Unshielded or Poorly-shielded Floodlights</p>	 <p data-bbox="894 747 1040 779">Full Cutoff Fixtures</p>
 <p data-bbox="418 1062 646 1115">Unshielded Wallpacks & Poorly-shielded Wall Mount Fixtures</p>	 <p data-bbox="797 1073 1133 1104">Fully-shielded Wallpack & Wall Mount Fixtures</p>
 <p data-bbox="410 1388 654 1440">Drop-lens & Sag-lens Fixtures with Exposed Bulb/Refractor Lens</p>	 <p data-bbox="881 1409 1044 1440">Fully-shielded Fixtures</p>
