

CITY OF HOMER
HOMER, ALASKA

ORDINANCE 86-17

AN ORDINANCE AMENDING TITLE 14, UTILITIES,
OF THE HOMER CITY CODE, REPEALING AND RE-
ENACTING SECTION 14.04.040 AMENDING THE
SCHEDULE OF SEWER RATES AND NAMING AN
EFFECTIVE DATE.

WHEREAS, The City Council directed the City Administration
to conduct a study of sewer system rates; and,

WHEREAS, the City Council adopted on June 13, 1983 a new
schedule of sewer system rates; and,

WHEREAS, funding requirements in the Proposed 1987-87
Budget will require a 9.38% increase in sewer service revenue;

NOW THEREFORE, THE CITY OF HOMER ORDAINS:

HCC Section 14.04.040 Sewer Rate Schedule is hereby repealed
and reenacted to read:

The following schedule of rates shall be effective July 16,
1986. The schedule supercedes all previously adopted sewer rate
schedules. All sewer utility services shall be billed according
to the following schedule. This schedule is for monthly sewer
service and is in addition to any charges for connecting or
disconnecting the service, installation of the service or any
assessments of the improvements.

a) Sewer Rate Schedule

<u>Customer Class</u>	<u>Cost Per Thousand Gallons Water Consumed</u>
Restaurants and Bakeries	\$4.67
All Other Domestic Strength Dischargers	\$3.17
Other Non-Domestic Strength Dischargers	\$2.56 + .00211 MG/L BOD

Charges for restaurants and bakeries are computed at a BOD
strength of 1000 MG/L; charges for domestic strength dischargers
are computed at a BOD strength of 290 MG/L. If characteristics
of restaurants or bakeries would lead to the conclusion that BOD
strengths average an amount different than 1000 MG/L, then,
after measurement and/or negotiation with the City, a different
BOD strength will be used to compute wastewater charges.

b) Sewer System Dischargers Who Are Not Water System Users

For sewer dischargers who are not water system users the rate shall be negotiated, but not less than \$14.26 per month.

c) Seasonal Adjustment for Residential Customers

Residential customers' sewer system charges during the months of June, July and August of each year will be based upon each customer's average monthly water consumption during the preceding months of September through May of each year.

CITY OF HOMER
