For plan holder information contact:

City Clerk
491 E. Pioneer Avenue
(907) 235-3130

This work consists of furnishing all labor, materials, equipment, tools, supervision, and other facilities necessary to perform the work in accordance with the specifications. Quantities required shall be adjusted annually by Public Works.

For the 2020 Contract year, the work includes, but is not limited to the following.

- I. Furnish and deliver 2,300 cubic yards vehicle measure winter roadway sand as specified.
- II. Furnish & deliver 500 cubic yards vehicle measure of 2" minus gravel as specified.
- III. Furnish & deliver (0) cubic yards (for 2020) vehicle measure of D-1 Base course as specified.
- IV. Furnish & deliver 200 cubic yards vehicle measure of Type II gravel.

Please direct all questions regarding this project to:

Dan Gardner
Public Works Superintendent
(907) 235-3170

DATED this 12 day of March, 2020.

CITY OF HOMER

By: 
Katie Koester, City Manager

2020, 2021, 2022 PUBLIC WORKS GRAVEL SUPPLY
Project No. GRVL-20
GENERAL INSTRUCTIONS TO BIDDERS

A. Preparation of Bids

Bids must be submitted on the forms provided by the city and completed in all respects. The bidder, or the bidder's duly authorized representative, shall manually sign bids.

Bids will be received at the City Clerk's Office located at 491 East Pioneer Avenue, Homer, Alaska, until **2:00 p.m., Thursday, April 23, 2020** at which time they will be publicly opened and read. Each bid shall be submitted enclosed in a sealed, opaque envelope.

The bidder shall see that the bid title and date of bid opening are on the lower left-hand corner of the envelope. The City will not be responsible for the premature opening of, or failure to open, a bid not properly addressed and identified.

Bid forms must be completed in ink or by typewriter. If erasure or other changes appear on the forms, the person signing the bid must initial each such erasure or change.

The City reserves the right, when in its best interest, to reject or accept any or all bids and to waive any informalities or irregularities.

B. Scope of Services

This is a three-year renewable contract. All bid prices shall remain in affect throughout the contract period including and ending in the year 2022.

This work includes the processing, loading and hauling of all gravels included in the bid documents. The materials shall be delivered to the Public Works compound or other designated area(s) in the time frames as identified in the bid documents.

The City may award separate contracts for individual materials based upon submitted low bid and satisfactory materials specifications and testing. The City reserves the right to adjust quantities of materials annually based upon need.

The bidder is required to provide all labor, materials, materials testing, equipment and other facilities necessary to perform the work safely and in accordance with the specifications.

C. Materials Testing Requirements

The Contractor is responsible for furnishing the City with one certified gradation for each type of material delivered prior to commencement of delivery of material. The City reserves the right to halt delivery if the material arrives with excessive moisture. The determination of excessive moisture shall be made solely at the Department's discretion. A material source gradation test shall be submitted 10 working days prior to the beginning of delivery.

All tests shall be performed by a recognized testing lab and approved by the City.

Should, in the opinion of the City, the material not be in compliance with the specifications as provided, the City may require additional tests at the suppliers expense.

D. Materials Quantities

The materials quantities included in this Invitation to Bid are the estimated quantities for the 2020 contract period. The quantities for the subsequent years will be adjusted depending upon usage and need.

**2020, 2021, 2022 PUBLIC WORKS GRAVEL SUPPLY
Project No. GRVL-20**

ITEM –R300 Sand for Winter Roadway Maintenance

The undersigned bidder hereby agrees to furnish and deliver **2,300 cubic yards of sand** to be free of stones, silt, loam, clay, frozen lumps, woody or other organic matter and as specified below.
