

Zak

I'm running for City Council because I care about maintaining and improving the quality of life in Homer. We need to make smart fiscal decisions, ensure parks and community facilities are fully operational, work with local schools, the hospital, the senior center, as well as providing support for our small businesses and non-profits. Fostering a healthy business climate, Port and Harbor expansion, Homer old town revitalization, and a renewed downtown with adequate parking would be priorities, as would maintaining our streets and infrastructure.

My wife Karen and I have operated a small business in Homer since 1999. I've been active as a planning commissioner, volunteer for many non-profits and community leader. My goal is to encourage common sense governance, consensus building and calm decision-making.

I respectfully ask for your vote in October.
