GENERAL INFORMATION – City of Homer

Government
The City of Homer was established as a first class municipality in March 31, 1964 with a city manager/city council form of government. Elected officials consist of six City Council members and the mayor. Homer is part of the Kenai Peninsula Borough.

City-wide Powers and Duties:
1) General Governmental Powers
2) Financial
3) Administrative
4) Legal
5) Powers to provide a wide range of community service and facilities; in practice, however, population and the physical constraints serve to limit the number provided by many cities.

A First Class City:
1) Must have a minimum population of 400 in order to incorporate as a First Class City.
2) The voters elect the Mayor and the Mayor is not a member of Council.
3) The Mayor may vote only to break a tie or to veto action of Council.
4) May levy a property tax of not more than 30 mills, except to pay off bonds.

2010 population and assorted demographic info
The 2010 U.S. Census pegged Homer's population at 5,003, a 27% increase over the 2000 Census count. Part of the increase is due to the fact that Homer annexed 4.6 square miles of land in 2002.

Land area
Including Uplands and Tidelands, the incorporated city limits contains 15 square miles of land and 10.5 square miles of water.

Location
Homer is located in south-central Alaska, 227 road miles from Anchorage (Alaska’s largest city), near the southern tip of the Kenai Peninsula, 59°38’35” North Latitude, 151°31’33” West Longitude.

Borough
The Kenai Peninsula Borough is a Second Class Borough. The governing structure consists of a Borough Assembly (the legislative body), a Borough School Board (operates the school system), a Borough Planning Commission, and a Borough Mayor. Boroughs are units of government formed to provide services to persons residing in a large geographic area or region including two or more communities.

Mandatory Area Wide Powers and Duties:
1) Education
2) Planning/Platting/Zoning
3) Tax Assessment and Collection
GENERAL INFORMATION – State of Alaska

Government
Alaskans elect a governor and a lieutenant governor to four-year terms. The governor, who appoints the heads of all 14 state departments and many other officials, is considered one of the most powerful governors in the U.S. The Alaska State Legislature includes a Senate and House of Representatives. Forty representatives are elected to two-year terms; twenty senators serve four-year terms.

Two basic forms of local government exist in Alaska: the city and the borough. The borough is similar to the county in many other states. Alaska is unique because most of it has not been organized into political units. Currently, thirteen organized boroughs cover about one-third of the state.

Alaska’s two U.S. senators serve six year terms of office; the one U.S. Representative serves a two-year term.

Official State Holidays
- **Seward's Day** – Last Monday in March, it commemorates the signing of the treaty by which the United States bought Alaska from Russian, signed on March 30, 1867.
- **Alaska Day** – October 18 is the anniversary of the formal transfer of the territory and the raising of the US. flag at Sitka on October 18, 1867.

Alaska Facts
- Statehood: Alaska officially became the 49th state on January 3, 1959.
- Size: 586,000 square miles of land, 6,640 miles of coastline and, including islands, has 33,904 miles of shoreline.
- Population: 739,795 (2017 estimate)
- State Capital: Juneau; the only capitol city in the U.S. that is only accessible by boat or plane.
- Mountains: Of the 20 highest peaks in the United States, 17 are in Alaska. Denali, the highest peak in North America, is 20,320 ft. above sea level. Denali, the Indian name for the peak, means "The Great One."
- Water Bodies: The Yukon River, almost 2,000 miles long, is the third longest river in the U.S. There are more than 3,000 rivers in Alaska and over 3 million lakes. The largest, Lake Iliamna, encompasses over 1,000 square miles.
- Glaciers: Alaska has an estimated 100,000 glaciers. There are more active glaciers and ice fields in Alaska than in the rest of the inhabited world. The largest glacier is the Malaspina at 850 square miles. 5% of the state, or 29,000 square miles, is covered by glaciers.
- Compass Points: Alaska boasts the northernmost (Point Barrow), the easternmost (Pochnoi Point on Semisopochnoi Island in the Aleutians), and the westernmost (Amatignak Island in the Aleutians) points in the United States."
- Volcanoes: There are more than 70 potentially active volcanoes in Alaska.
- Earthquakes: On March 27, 1964, North America’s strongest recorded earthquake, with a moment magnitude of 9.2, rocked central Alaska. Each year Alaska has approximately 5,000 earthquakes, including 1,000 that measure above 3.5 on the Richter scale.
