

My vision for Homer is to make it an example of a place where people from across the socioeconomic spectrum live in harmony. A few items which will garner my attention are as follows: Incentives for hiring locally, grassland preservation on the Spit, B and B regulations, promoting Homer through new events enhancing our sister city relationship with Teshio and supporting the Arts, just to name a few.

I have lived in Homer for 6 years and in Alaska for 27. In my opinion, Homer is the greatest place on the entire road system. I've been told that I am a pragmatic individual and I am fiscally conservative.

If elected, I will serve with an open mind and open ears. I will welcome any input from any of my fellow Homerites(Homerians?).
