21	\$750 from Park Reserves to post 3 signs at points of entry into Kachemak Bay to warn recreational users of the hazards of cold water and limits of emergency response capabilities.	Erickson	

2018 Operating Budget Amendments

11-27-2017

**City of Homer
2018 Operating Budget**

2018 Proposed Budget Amendment Form

Fund Name: Health Insurance Fund/ General Fund

Department Number:

Account #	Account name	Page #	Increase	Decrease	Balance
600	Health Insurance Fund	198	\$12,039		\$0
100-350-58XX (new)	SPARC	73	\$20,000		\$20,000

Further Explanation of Amendment:

The FY2018 draft budget anticipated a 15% increase in health insurance. This was budgeted for through an allocation of \$1350 per employee per month (up from \$1250 in 2017) through the operating budget, employee contributions increasing by 15%, and a \$381,906 draw from the Health Insurance Fund. The actual negotiated increase came in at 8.2% more than FY2017. This means that for the 2018 budget there is no anticipated draw on the Health Insurance Fund but rather a deposit of \$32,039. This amendment proposes to increase General Fund expenditures by \$20,000, which would result in a \$12,039 deposit in the Health Insurance Fund.

Rationale:

The South Peninsula Athletic and Recreation Center (SPARC) was built last year through a grass roots, community wide effort. The community came together and donated funds, labor and materials. In the spirit of partnership and community, the City provided \$189,000 in capital funding and the Kenai Peninsula Borough provided the land. In the end, the community has a facility where all ages can come together, recreate, and be healthier. This amendment provides \$20,000 in operating funds to SPARC. It is the intent that funds for SPARC be included in the operating budget for 5 years to help the new organization get off the ground. A successful SPARC helps prepare the community for an alternate use of the HERC.

SPARC is an opportunity for the entire community to be proactive in creating healthy citizens and a way to reduce future health care costs for our citizens, city, and state.

2018 Proposed Budget Amendment Form

Fund Name: General Fund

Department Number: 0350 (Non-Departmental) and 0100 (Mayor/Council)

Account #	Account name	Page #	Increase	Decrease	Balance
5990-159-0384	Transfer to City Hall Reserve	47		\$20,000	\$129,107
100-5830	Homer Foundation	73	\$20,000		\$45,000

Rationale:

The Homer Foundation plays an important role for the non-profit community in Homer. As manager of the City of Homer grant program, it provides for the distribution of \$35,000 annually to area non-profits in a professional and thoughtful manner (a combination of the annual appropriation and interest earned on the endowment fund). These funds provide crucial unrestricted operating revenue for Homer area non-profits. Increasing the annual City of Homer contribution will provide expanded support for non-profits in a time of tight budgets around the state and help them weather the economic downturn.

2018 Proposed Budget Amendment Form

Fund Name: All Funds

Department Number: All Departments

Account #	Account name	Page #	Increase	Decrease	Balance
5102	Fringe Benefits (city-wide)			90,000	
5101	Salary and Wages (city-wide)		90,000		

Further Explanation of Amendment:

The FY2018 draft budget anticipated a 15% increase in health insurance. This was budgeted for through an allocation of \$1350 per employee per month (up from \$1250 in 2017) through the operating budget, employee contributions increasing by 15%, and a \$381,906 draw from the Health Insurance Fund. The actual negotiated increase came in at 7.7% more than FY2017 actual. This means that for the 2018 budget all other variables remaining constant, there is no anticipated draw on the Health Insurance Fund but rather a deposit of \$21,535.

This amendment proposes to decrease the per employee allocation for health insurance from \$1350 to \$1275 in order to fund a 1% COLA for employees. The net result of this amendment is a \$71,165 draw on the Health Insurance Fund to cover the remainder of employee health insurance costs.

Rationale:

The employee committee has made several concessions to health insurance in order to find greater savings for this city. These include changing prescription drug coverage and eliminating the more generous 'buy-up' plan as an option for employees. This, combined with aggressive negotiation, has resulted in significantly less than the draft budget presented in Health Insurance costs to the City (a 7.7% increase instead of a 15% increase). In addition, the City needs to consistently inflation proof the wage scale through COLAs to maintain competitive. This is best done through small regular COLAs rather than large sporadic ones that are challenging to budget for.

2018 Proposed Budget Amendment Form

Fund Name: General Fund

Department Number: 100-0145 Library/ 100-0100 Mayor Council

Account #	Account name	Page #	Increase	Decrease	Balance
100-0145-5228	Books	68	\$10,000		\$37,000
100-0100-5990	Transfers to (Library Reserve)	47		\$10,000	\$90,000

Rationale:

Book budget was cut by \$20,000 (43%) in 2016. We relied on a Rasmuson grant to make up much of the difference in 2016. In 2017 we are using up most funds remaining in the Library Donation Fund to get by. Even with those additions, due to budget limitations we are returning worn out books to the shelves, which should be replaced, and are unable to adequately update some sections of the collection, for example Reference (which tends to contain very expensive books) and popular circulating sections, such as health/medical and travel guides.

The price of books continues to rise.

Tumblebooks, our most well-used e-resource with over 8,300 uses in the past year, has been funded either in full or partially for the past two years by private donors and community groups because we could not afford to maintain it. This is not sustainable.

Despite the fact that the Homer Library has now surpassed Soldotna, Kenai and Kodiak in circulation of materials (books, periodicals, A-V), our budget for circulating materials consistently lags behind. It is time to restore at least some funding to the book budget to avoid a deteriorating collection.

2018 Proposed Budget Amendment Form

Fund Name: Water Reserve

Project name: Acreage protection in the Bridge Creek Watershed.

Account #	Account name	Page #	Increase	Decrease	Balance
256-0378	Water Reserves	158		\$ 33,415.70	\$ 2,603,228.30

Rationale:

This request for \$33,415.70 will cover the stewardship costs for a Conservation Easement to protect 302 acres into perpetuity. Of the 302 acres, 273.61 acres are within the Bridge Creek Watershed and the other 28.55 acres feed into the anadromous Bridge Creek.

The stewardship costs, \$33,415.70 are paid to Kachemak Heritage Land Trust (KHLT) and cover the annual monitoring, reporting, record keeping, and a federally negotiated indirect overhead rate.

The goal of the Conservation Easement is to protect riparian and wetland water resources, the forest, the wildlife and scenic open space which all contribute to the health of the Bridge Creek Water Shed.

Watershed protection for \$110.59 per acre into perpetuity.

2018 Proposed Budget Amendment Form

Fund Name: All Funds

Department Number: All Departments

Account #	Account name	Page #	Increase	Decrease	Balance
600	Health Insurance Fund	198		\$1,000,000	\$597,502
156-0376	Police Station Fund		\$669,212		\$2,299,503
456-0380	Port and Harbor Reserve		\$171,429		\$4,166,285
256-0378	Water Reserve		\$88,424		\$2,725,068
256-0379	Sewer Reserve		\$70,936		\$2,299,206
*excludes FY2018 proposed transfer to reserves and any approved capital projects					

Further Explanation of Amendment:

The FY2018 draft budget anticipated a 15% increase in health insurance. This was budgeted for through an allocation of \$1350 per employee per month (up from \$1250 in 2017) through the operating budget, employee contributions increasing by 15%, and a \$381,906 draw from the Health Insurance Fund. The actual negotiated increase came in at 7.7% more than FY2017. This means that for the 2018 budget there is no anticipated draw on the Health Insurance Fund but rather a deposit of \$21,535.

This amendment proposes to transfer money from each fund that has accumulated in the health insurance fund back into their reserve funds. Under the general fund, it further specifies that the returned funds be allocated to the police station project.

	FTEs	% Multiplier	\$1 million Split
General Fund	67.93	0.67	669,212
Port and Harbor	17.40	0.17	171,429
Water	8.98	0.09	88,424
Sewer	7.20	0.07	70,936
Total	101.5	100%	1,000,000

Rationale:

It is unreasonable to have almost 1 year of health insurance premiums in the Health Insurance Fund.
