Council I would like to provide testimony on my disappointment in our Port and Harbor director not

recommending the P&H committees extension on

the seine skiff exemption. Your local appointees

realize the economic value of this fleet to the

community and that the fishing industry has seen one

of the largest downturns in recent history. While it

feels like the staff is so blinded by the harbor

expansion project and revenue that we are forgetting

about where we came from and the fleet that lives here supporting our community year round. Please support the work of the committee and extend this exemption for your local fishermen.
