Written Testimony:
Dear City Council and Mayor, I'm writing in support of Resolution 25-024. I support public libraries and hope funding for them will not be decreased. One library service my family and I especially value is Libby, which allows us to check out books for free on our kindles. More importantly, free public library services promote a more equitable society, where everyone can access high quality materials, not just people who can afford to buy them. In a world where many of us spend too

much time mindlessly scrolling on our phones, mildly entertained but not necessarily benefiting our minds, investing in libraries is an investment in a more educated society. Thank you for your consideration,
Erica Fitzpatrick

Written Testimony:

I am writing in support of Resolution 25-024. Public libraries and museums are vital to the knowledge base of communities. These institutions need to be supported and funded at the local, state and national level.

Thanks,

Tim Whip

Please support Resolution 25-024, A Resolution of the City Council of Homer, Alaska, Endorsing the Purpose of the Institute of Museum and Library Services and Urging Officials at the Local, State, and National Levels to Maintain its Current Services. I am aware that this funding supports many important programs; such as interlibrary loan services, public reading programs such as summer reading programs, services to specific patron groups such as blind patrons and

those living in the bush, the Alaska Digital Library, and SLED. It is heartbreaking that these programs are in jeopardy. Knowledge is power; it needs to be accessible to all.
