Dear Mayor Lord and Esteemed City Council members,

I am writing to express my support for reopening the HERC Green Room as soon as possible. I participate in a strength class there that has become very important to my overall health and well being.

I understand there are some concerns for health and safety that need to be mitigated.

I would urge the City Council to fast track any remedy that will allow the exercise space to reopen as quickly as possible.

Thank you for your service to Homer citizens!

Chris Logan

Dear Council and Mayor,

I know you've received other letters requesting the work be done to enable use of the Green Room at the Herc again. So I won't elaborate. I'm just raising my hand to say I also value using that space for my fitness. I appreciate Rafa's class so much, and am missing it. I love the idea of a municipality supporting the health and fitness of the community.
