Memorandum

TO: Mayor Lord and Homer City Council
FROM: Melissa Jacobsen, City Manager
DATE: February 4, 2026
SUBJECT: City Manager's Report for February 9, 2026 Council Meeting

Homer Education and Recreation Campus (HERC) Cleanup Community Meeting

The City of Homer is hosting an informational meeting about HERC cleanup options. Please join us at the Kachemak Bay Campus on Thursday, February 12, 2026 at 6:00 p.m. for a presentation, followed by Q&A. The presentation will feature Flannery Ballard, Brownfields Lead for the Alaska Department of Environmental Conservation, and will cover these topics:

- Brief background overview of the HERC regarding hazardous materials
- Results and implications of the recent soils tests and Analysis of Brownfields Cleanup Alternatives (ABCA)
- Next steps based on the ABCA alternatives

The City will also provide an update on recent/ongoing work on the HERC activity room and gymnasium.

We hope to see you there! But for those who can't make it in person, we are arranging to offer an online viewing opportunity via Zoom. Check back here closer to the date of the event for the Zoom link.

Also, if you'd like to familiarize yourself with where we are now before the meeting, check out the webstory detailing the HERC hazardous material cleanup and revitalization plan linked here. [HERC Hazardous Material Cleanup and Revitalization Plan](#) For additional information, please contact us by email planning@ci.homer.ak.us or by phone (907) 435-3119.

Federal Funding Secured for the A-Frame Water Transmission Main Project

I am pleased to announce that the City has been awarded \$937,868 in federal funding through the Community Project Funding/Congressionally Directed Spending process. This federal investment, along with state and local funding will be used for the A-Frame Water Transmission Main project. This project, a high priority in the City's Capital Improvement Plan, corrects a vulnerability in the City's drinking water supply system. It replaces over 1,200 feet of cast iron water line that has served our community since the 1960s. Over time, the cast iron pipe has become brittle and corroded with age and is located on a steep slope, making it extremely vulnerable to damage from ground movement, slope instability, or seismic activity.

This funding was included in the FY 2026 Interior, Environment, and Related Agencies Appropriations bill, which passed the Senate on January 15, 2026, and was sent to the President's desk for final approval. The City extends sincere appreciation to Representative Begich and Senator Murkowski for their steadfast advocacy and leadership in securing this vital investment in the development and improvement of the city's drinking water infrastructure, and to Senator Sullivan for his ongoing support of investments like this in Homer and across the state. Their collective dedication delivers tangible benefits—stronger essential services

and enhanced community resilience for all who live and work in Homer. This project, combined with the Raw Water Transmission Main replacement funded by a Hazard Mitigation grant represents major progress in safeguarding the City's water supply system. Replacement of the raw water transmission main is expected to begin in late winter/early spring—stay tuned for more details.

Federal Appropriation Approved for Homer Harbor Float Replacement Project

On Tuesday, February 3, the House of Representatives passed the Senate-passed Consolidated Appropriations Act, 2026, which includes approved FY26 Community Project Funding (CPF)/Congressionally Directed Spending (CDS) requests submitted by Representatives and Senators in Spring 2025 under the Transportation-Housing & Urban Development (T-HUD), Labor-Health & Human Services, and Financial Services-General Government accounts.

I am pleased to announce the award of \$250,000 from the T-HUD account in support of the Homer Harbor Critical Float Replacement project. We are deeply grateful to Senator Murkowski and Congressman Begich for their advocacy in securing this appropriation, which recognizes both the harbor's vital role in supporting transportation and freight connections across vast expanses of Alaska and the critical condition of our aging float infrastructure—a project we have advanced to construction-ready status in recognition of the pressing need to maintain safe and reliable harbor operations.

Presently, the float replacement project is moving toward 100% design completion and awaiting news of FY2025 Port Infrastructure Development Program grant award decisions to help fund construction. This federal appropriation will complement Denali Commission support, and local funding to help replace the aging float infrastructure, addressing essential harbor needs and ensuring reliable, efficient operations for residents and maritime commerce well into the future. You can read [Senator Murkowski's February 3, 2026 Press Release](#) highlighting wide-ranging appropriation awards throughout Alaska.

Local Business Change

Residents may have noticed some transition on Pioneer Avenue. The long-standing Fireweed Gallery has closed and the building was purchased by Capital 1. Fireweed Gallery served the community and our visitors for many years and they will be missed. Attached to this report is an article about Capital 1's motivation to come to Homer based on our new Comprehensive Plan!

Kenai Peninsula Borough Tax Foreclosure Property

The Kenai Peninsula Borough regularly offers tax-foreclosed properties to cities and service areas before selling them at public auction. The Borough has notified the City about a tax-foreclosed lot at the bottom of Mattox, west of the Airport Critical Habitat Area and north of Beluga Lake. The property may have up to \$2,000 in fees and back taxes. The City has a major drainage ditch along the west side of Mattox, and this parcel is very low, wet, and without utility access. Administration will bring forward an ordinance to fund the purchase of this property for conservation purposes and to support potential future green infrastructure and stormwater needs.

City Hall Elevator

Last year the City Council appropriated funding for elevator repairs that are necessary for the elevator to be recertified for use. The contractors will be on site Monday, February 9th and begin work on the elevator on the 10th. The elevator will be out of order for approximately one month while the work is being done. City staff will accommodate citizens who access either level of the building if they are unable to move between floors until the elevator is back in operation, and we thank everyone in advance for their patience.

Homer Harbor Expansion General Investigation Update

Item Type: Informational Memorandum
Prepared For: Homer City Council, Port & Harbor Advisory Commission
Date: February 4, 2026
From: Jenny Carroll, Special Projects & Communications Coordinator
Through: Melissa Jacobsen, City Manager

Purpose: This memorandum provides the Homer Harbor Expansion Study monthly written update to Homer City Council per Resolution 23-037.

Update: The United States Corps of Engineers (USACE) Project Development Team (PDT) is following guidance from headquarters to meet the new 35% design requirement on schedule and within the existing General Investigation budget.

Project Management Plan:

Accordingly, the USACE team is making minor updates to the Project Management Plan (PMP), the most significant being that they moved the Ship Simulation exercise into the Preconstruction Engineering and Design phase, freeing up funding to accomplish 35% design. City staff support this move. The entrance channel is expected to change very little, given the relatively straight forward entrance channel design and the ability to model conditions. City staff have offered to host a tabletop exercise with local, highly experienced large vessel captains and USACE's Hydrology and Hydraulics technician to gain initial local feedback on sufficiency of design.

Another cost-saving measure is reducing the all-inclusive PDT meetings from twice a month to once a month. When issues arise, smaller focus teams and sponsors can still meet as needed.

An addition to the PMP is a Command Validation Milestone visit (which replaces the Agency Decision Milestone). This study milestone ensures senior leader endorsement of the Recommended Plan. It involves a visit from USACE Headquarters and occurs within two months after three key reviews are complete: the Agency Technical Review, public/agency review, and Legal Compliance Review of the draft report, with all comments documented. The visit focuses on verifying the engineering strategy for sufficiency and ensuring vertical team alignment.

The new Project Management Plan is still being completed, but to stay on schedule, the Draft Feasibility Report would likely be released for public comment around the end of 1st Quarter or beginning of 2nd Quarter 2026, with the Chiefs Report tentatively due in March 2027. However, these dates are subject to change as the team and agency navigate new policy requirements and recent staff turnover.

Geotechnical Report:

The PDT received the geotechnical boring test report and is now working on stability calculations to inform breakwater cross section design and rock quantities. While we don't yet know the settlement and seismic consequences, the settlement results align with expectations from previous drilling work. Once the breakwater design is finalized, the team will input the data into the economics model and revisit their Tentatively Selected Plan analysis.

Initial chemical analysis of sediment grabs taken during the borings is showing no chemicals of concern.

The next PDT meeting is scheduled for February 11, after which we hope to have a better understanding of the geotechnical requirements and implications on the Tentatively Selected Plan recommendation.

Continued Expansion as Credit Union 1 Plans Homer Branch

Coming soon to Pioneer Avenue in Homer: a new credit union branch.

After a year that saw Credit Union 1 (CU1) open three new branches around Alaska, 2026 begins with plans for the next full-service branch opening in Homer.

Located at 475 East Pioneer Avenue, the branch is scheduled to open in mid-summer.

Sweet Sixteenth

“CU1’s decision to open a branch in Homer was inspired by the city council’s 2045 Homer Comprehensive Plan and the community’s clear commitment to thoughtful growth, strong neighborhoods, and a thriving local economy,” says CU1 President and CEO Mark Burgess. “We’re opening a branch in Homer so we can be right here with you, providing local service, trusted guidance, and the financial tools that help families and businesses build what’s next.”

The new CU1 branch is intended to help close a gap in Alaska-focused financial services on the Lower Kenai Peninsula for small businesses, fishing families, seasonal workers, and year-round residents. Staff at the new branch will offer consumer banking, mortgage lending, and business solutions.

“Our goal is to show up in a way that reflects Homer’s values and spirit,” says CU1 COO Erika Smith, a long-time Kenai Peninsula resident. “Because we serve only Alaska, our decisions are made locally, and our resources are reinvested directly back to the communities we serve.”

CU1 has served Kenai Peninsula members since 1972. The only state-chartered credit union in Alaska formed in 1952 as Anchorage Teachers Federal Credit Union and enlarged through a series of mergers. Another merger was announced last year, with MAC Federal Credit Union in Fairbanks. CU1 also expanded its business lending program and opened three branches: in Kotzebue, Skagway, and Wasilla.

The branch in Homer would be its sixteenth.

Homer Public Library 2025 Annual Report

Halloween is the most important day in any library.

During 2025, dozens of people contributed their efforts toward upgrading the library's infrastructure, including renovating the old copy room into a new study room; installing benches, signage and an informational kiosk on the western lot; replacing the old public computers and laptops with new equipment; debuting a new print-management system; and making progress on installing a security grille at the front entrance.

Library staff compiled a list of every known volunteer, donor, grantor and community partner in the library's 86-year history, and the Homer city council recognized the extraordinary generosity of those supporters with a formal resolution. Staff also prepared a report for the Library Advisory Board (LAB), reviewing nearly 90 years of debates over library funding.

The LAB focused on streamlining its fundraising procedures and growing the endowment, which reached the \$100,000 mark in the fall. The board closed out the year by planning celebrations for 2026, which marks the 20th anniversary of the current library building.

The Friends of the Homer Library (FHL) revised their bylaws and ran many, many events throughout the year—author visits, film showings, activities for kids, a beekeeping workshop, a community poetry reading, a discussion panel, and all their regular events like the Celebration of Lifelong Learning, the book-and-plant sales, Tech Help, Conversations with a Councilmember and a computer skills class.

City staff spoke with high-school students about AI on January 22.

January

On January 22, Bill Jirsa, Susie Inglis and Dave Berry dropped by the high school to talk about Artificial Intelligence, reprising a presentation previously given at the library in October 2024. Many students already had experience with AI and brought up some highly technical questions.

Renovations in study room 6 began on January 29. Building maintenance personnel removed all the built-in furniture, repaired the carpet, repainted the walls, replaced part of the baseboard, and put up sound-absorbent panels.

February

Library staff shifted one of the catalog computers to the far northeast corner of the building, making space for the record player right next to the vinyl collection.

Building maintenance completed the renovations in study room 6 on February 6. By the end of the year, 439 people had used the room for meetings, videocalls and quiet study.

The FHL board debated the donor recognition policy, specifically as it relates to the Fish Wall, and sent recommended changes to the LAB.

March

On March 14, President Donald Trump issued an executive order that effectively dismantled the Institute of Museum and Library Services (IMLS), the main source of federal funds for museums and libraries across the country. In response, the Homer City Council passed Resolution 25-024 on March 24, expressing support for the mission of the agency and urging officials at all levels of government to continue its functions. One week later, all IMLS staff were placed on administrative leave.

On March 18, department heads met at City Hall to discuss preparations for the eruption of Mt. Spurr. Library staff developed a detailed checklist of tasks and reviewed it as a group, wrapped nonessential equipment in plastic or stored it in lidded bins, prepped plastic sheets atop bookshelves for quick deployment, and acquired more N95 masks and cleaning equipment.

Beatrix McDonough received the Youth Lifelong Learner award on March 29.

Congratulations to Carol Comfort and Beatrix McDonough, the honorees for the Celebration of Lifelong Learning! The party ran all evening and the last guests stayed until past 10 pm.

The Homer Foundation Youth Advisory Committee (YAC) gave the library \$1,000 for sports equipment.

In 2024, the library partnered with Newspapers.com to digitize the microfilm reels of the *Homer News* from 1954-2021. Building on that partnership, the library shipped all its remaining microfilm to the company, including the complete publication history of the *Homer Tribune* from 1991-2019, the *Cook Inlet Courier* from the 1950s and 60s, and miscellaneous issues of the *Daily Sitka Sentinel and Arrowhead Press*, *Great Lander Shopping News* and *Kenai Peninsula Pioneer*.

The LAB debated several small revisions to the *Library Policy Manual* and added an appendix of case law related to the process for reconsideration of materials. 2026 marks the 20th anniversary of the library moving into its current building, 2027 marks a half-century as a City department, and 2028 is the 90th anniversary of the library's founding, so the LAB began planning celebrations for these milestones.

April

In partnership with the Porcupine Theater, the library began distributing five free movie tickets each week. Patrons can check out tickets at the front desk with a limit of one ticket per library card.

The City Parks and Trails Division installed the last of the new posts for the story trail.

The federal government continued dramatically cutting funding, and libraries around the nation grappled with severe impacts on services and collections. The City government also confronted a budget shortfall. Homer made extensive operating reductions but managed to avoid layoffs.

Alaska Reads author Lily Tuzroyluke gave a talk on her book *Sivulliq*, which featured in the 2024 Lit Lineup. Since this event coincided with the 10th anniversary of the Lineup, Teresa Sundmark and Matt Smith presented a brief history of the program.

Following comments from the city attorney, the LAB reconsidered some revisions to the *Library Policy Manual* and sent them to the City Council, which adopted them on April 28.

The bookmobile visited the Safe and Healthy Kids Fair, where the youth services librarian and teen volunteers signed up 170 kids for the summer reading program. Summer readers threw themselves into a collectable-card game, claiming a different card for every 30 minutes of reading, and so many participants wanted to collect them all that library staff spent much of the season making more cards.

Volunteers with the Church of Homer refurbished the red-oak railing outside the front door of the building.

Doug Baily, Taz Tally and Ed Berg met with library staff and Friends of the Library to mark the location for the future geology display, at the far end of the western lot beside the Poopdeck Trail. Local carpenter Brad Caesar constructed a display kiosk, which he and Parks and Trails Division Head Chad Felice installed nearby on May 27.

Library staff delivered a 160-page report to the LAB about the history and funding of the library, complete with a 300-page annotated bibliography. The report surveys past debates over library funding and analyzes the practicality of the many different proposals over the years.

On December 18, Youth Services Librarian Cinda Nofziger introduced a special guest for Radio Storytime.

December

The City issued a call for bids to install the new security grille. Potential contractors visited the site on December 15.

The Porcupine Theater hosted a showing of *The Librarians*, a documentary about book challenges in the Lower 48, followed by a panel discussion featuring Andy Haas, Deb Curtis and Dave Berry, moderated by Shellie Worsfold of the Friends of the Homer Library.

Local author Brian Smith visited the library to talk about his trilogy of novels in the *Ida Mae Joy* series and his memoir, *Golden Boy*.

The library's new text-messaging system went live on December 1. On December 30, the library retired the last of the old public computers.

Thank You!

Our deepest thanks to all those who supported the library over the past year. Many members of the public contributed their time, energy and money to the success of the institution. We here recognize those who donated to the library's long-term sustainability during 2025.
