Subject: memo 17-081, please add my comments to supplemental packet

Please add these comments to the supplemental council packet for the meeting this week. Thank you.

Dear Council Members,

I will be out of town or else I would be attending the meeting in person.

I'm concerned about Memorandum 17-081, which asks the Library Advisory Board to recommend budget cuts for the library. Such an action, if adopted, would significantly depart from your normal budgetary process and place an unfair responsibility upon an advisory group, smart and dedicated volunteers who are, however, not equipped to understand the library's budget in detail. I urge you to not "pick on" the library as a particular source of reductions but to follow your normal budget process. The library director should, as a department head, consult with her staff as well as the advisory board to recommend a budget under whatever guidelines you provide for all the departments.

Thank you for your consideration. I speak as a Homer resident and former library advisory board member. I am well aware of the fiscal constraints on the city but also well aware of the essential services the library provides--and I do not wish to see library personnel and hours diminished--at least not out of proportion to other city departments.

Sincerely,
Nancy Lord
