ADOPTED BUDGET

FOR FISCAL YEAR JANUARY 1, 2014 - DECEMBER 31, 2014

AS SUBMITTED BY:

Walt Wrede City Manager

ADOPTED BY HOMER CITY COUNCIL ON DECEMBER 10, 2013

Mary E Wythe, Mayor
Beauregard Burgess
Barbara Howard
David Lewis
Francie Roberts
Gus Van Dyke
Bryan Zak

Prepared By Finance Department
Zhiyong Li
Finance Director

City of Homer

The City of Homer was established as a first class municipality in March 1964 with a city manager/city council form of government. Elected officials consist of six City Council members and the mayor. Homer is part of the Kenai Peninsula Borough.

CITY COUNCIL:

Mayor Mary E. (Beth) Wythe

Council Members Beauregard Burgess

Barbara Howard
David Lewis
Francie Roberts
Gus Van Dyke
Bryan Zak

CITY ADMINISTRATION:

City Manager Walt Wrede

City of Homer

City Manager 491 East Pioneer Avenue Homer, Alaska 99603 907-235-8121

Mayor & City Council City of Homer 491 East Pioneer Avenue Homer, Alaska 99603

Year 2014 Budget Message

Dear Mayor & Council Members:

The FY 2014 budget includes the operating and capital plans for 2014 as well as projections for the City's operational funds through fiscal year 2016.

This budget is the result of many hours of hard work, number crunching, and program review by the department heads and their staffs. I would especially like to thank John Li, the Finance Director, for his immeasurable contribution to this effort. John is relatively new in his position and he was immediately thrust into the water and sewer rate debate and the FY 14 budget immediately after that. He has done an amazing job. I also wish to express my sincere appreciation to the Homer City Council who spent many hours reviewing and amending the document and listening to public testimony. The Budget is the most important planning and policy document that the Council is responsible for. I appreciate all of the input and guidance the Council provided as we worked our way through the approval and adoption process.

I believe that this budget document contains more information and is easier to read than ever before. The budget contains new graphics and data regarding personnel costs that I think the Council and the public will find helpful. The budget is also noteworthy because for the first time in several years, it addresses some of the City's most pressing staffing needs, including filling a vacant position at Police Dispatch and making the Children's Librarian position full time. The General Fund budget does not include transfers to depreciation accounts; something Council will have to address in future years. I am pleased to note that the budget recognizes significant savings from improvements in energy efficiency in City buildings and facilities. Six City buildings were connected to natural gas in early 2014 and more will be later in the year. This budget incorporated significant changes to the employee health care program, which we hope will slow the growth of City expenditures in that area.

Three basics of the City of Homer budgeting process deserve review; the Mission Statement, the Basis of Accounting, and the Tax Rate:

Mission Statement - The City of Homer's mission is to provide quality services to all its citizens; to respond in the most appropriate, open and fiscally responsible manner possible to citizens needs and concerns; and to do so through the active participation of those citizens. These services include police, fire, emergency medical service, library, community planning, economic development, street maintenance and Public Works functions, water and sewer, parks maintenance and community recreation, port and harbor, airport terminal, and general administration.

Basis of Accounting - Governmental fund types are accounted for using the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Expenditures are generally recognized when a related fund liability is incurred. An exception to this general rule is principal and interest on general long-term debt which is recognized when due. Pre-payment of insurance and similar services extending over more than one year is allocated to the years benefited.

The Proprietary Fund type [Enterprise Fund] is accounted for using the accrual basis of accounting, wherein revenues are recognized when earned and expenditures are recognized when a liability is incurred.

Tax Rates - The City Code of Ordinances, Section 9.16.020, establishes a maximum 6.00 mill tax levy for operations of the City's general government. The mill rate cap is in effect in the years that the city levies the general sales tax. The General Fund property tax rate for FY 14 is 4.5 mills and the sales tax rate is 4.5%. These tax levies are unchanged from last year. Effective January 1, 2009, a voter initiative generated ordinance was passed by the Kenai Peninsula Borough to exempt non-prepared foods from the Borough sales tax for the months of September through May. The City of Homer voters followed the Kenai Peninsula Borough's lead and exempted non-prepared foods from the local sales tax for the same period in 2009.

The Budget Adoption and Amendment Process -

The budget is adopted in December of each year. Subsequent amendments to the budget are handled through ordinances, which are booked when approved by the City Council. This process provides an opportunity for public comment each time the budget is adjusted. Further, this process provides the Mayor and Council with more adequate and timely information upon which they can rely in setting City policy:

• Expenditures of budgeted funds, which are above the City Managers authorization level, and are <u>not specifically authorized in the budget</u>, (such as contracts) will be brought to the Council by Resolution for approval.

- Each proposed new expenditure of non-budgeted funds is brought to Council for approval via a budget amendment/appropriation ordinance. This provides the Council and public with a timely opportunity to examine the proposed new expense.
- Each quarter the Mayor and Council are provided reports from the Finance Department detailing City expenditures and encumbered funds to date. The reports also itemize percentages of budget expended to date and summarize changes to the General Fund, Port & Harbor Fund, Water Fund and Sewer Fund.

This "real-time budgeting" has resulted in substantial savings of time and money and provides the Mayor, Council and Public with more accurate and timely informational tools to make sound financial decisions.

The Adopted Budget

The City Council adopted a budget for 2014 that includes total expenditures of \$25,670,825. That total includes \$11,980,032 for the General Fund, \$3,803,580 for the Water and Sewer Special Service Fund, \$4,681,252 for the Port and Harbor Enterprise Fund, \$2,906,029 for capital projects, and \$2,299,932 for the Internal service Fund.

General Fund

The 2014 General Fund budget of \$11,980,032 represents an increase in expenditures of \$420,929 or 3.64%. The FY 2013 Adopted General Fund Budget was \$11,559,103. The FY 2014 Budget is basically a status quo or maintenance budget. The increase in expenditures are attributable to filling a position in Police Dispatch, making the Children's Librarian full time, providing a 2% COLA to employees, and rising fixed costs that are not entirely under the City's control.

The total projected revenue for the 2014 General Fund Budget is \$11,980,101. This includes \$3,065,880 in property tax revenues and \$5,024,526 in sales tax the two primary sources of operating revenue. The property tax mil rate (4.5) and the sales tax rate (4.5%) remain unchanged from the prior year. This revenue projection represents an increase over the 2013 projection of \$455,836. The primary reason for the increase is the anticipated sales tax revenues in 2013 and projected for 2014. Total taxable property values and property tax revenues are expected to increase slightly from 2013.

Overall, the General Fund is in pretty good shape. The recommended amount of fund balance is in place, expenditures do not exceed revenues, and the Fund has very little general obligation debt. In 2013 the Council borrowed \$12 Million from the Kenai Peninsula Borough to finance construction of a natural gas distribution system. This debt will be retired primarily through special assessment district payments. Fortunately, the Council did not have to discuss layoffs, eliminating entire programs, or reducing the level of services like it has the past several years. However, there is clearly not enough revenue to adequately provide "core services" and all of the additional services residents seem to want. The public debate about

what residents want from City government and what they are willing to pay for will continue in 2014. The Council provided funding for a Recreational Needs Assessment in this budget which when completed, should make a contribution to this discussion.

However, the fact that the City was able to adopt a "maintenance" budget should not deflect attention away from the structural problems which remain. This budget does not significantly "grow" the General Fund Reserves and there are no funds transferred to depreciation accounts. The number of vacant and unfunded positions continues to be a problem and the uncertainty about the economy and the loss of revenue associated with the sales tax exemption for unprepared foods casts doubt over future revenues.

Water and Sewer Utility Fund (Special Revenue Fund)

The Water/Sewer Utility Fund operating budget for 2014 is \$ 3,803,580. This represents an increase in budgeted expenditures from FY 2013 of \$207,985. The General Fund offsets about 50% of the increase as part of Water Hydrants' expenditures based on the newly adopted Rate Model. The transfers to the depreciation reserves are kept at the minimum level of \$200,000. Revenues for 2014 will add more uncertainty under the newly implemented consumption based rate model.

The Water and Sewer Utility Fund remains vulnerable because of the basic structural flaws discussed in the past. The City owns a production and distribution system infrastructure that is very expensive to operate and maintain and has relatively few customers to pay for it. The City has a reliable source of funds to build things and expand the infrastructure (dedicated sales tax) but inadequate funds to maintain it all (user fees). There is intense political pressure to keep fees down even though doing so may not be in the long term best interest of the Fund. The Fund debt load is significant and will limit opportunities to finance new projects or expansion of the distribution and collection system for the next few years. This is a problem because one of the solutions to the revenue problem is to increase the number of customers.

Port and Harbor Enterprise Fund

The FY 2014 Port and Harbor Enterprise Fund operating budget is \$4,681,252. This represents an increase in expenditures of \$300,387 over the prior year. This mainly due the increase of the transfers to the reserve accounts. Revenues are projected to increase by \$335,272 relative to the prior year.

The Port and Harbor Enterprise Fund is solvent but at present it is essentially treading water. This budget covers day to day operating expenses and that is about it. The City has deferred maintenance, repair, replacement, and investment in this vital infrastructure for too long. Additional staffing is warranted. There is room to generate more revenue that can be reinvested in the port and harbor however, deciding how to increase revenues and where to spend the additional money can be difficult. Political pressure to keep fees down has often

trumped good management. As a result, fees have not kept up with inflation and they do not generate enough revenue to address basic depreciation. Because the City has not raised fees as it should and has not kept up with maintenance, repair, and replacement, the decisions get harder and the necessary fee increases more drastic.

In 2012 and 2013 the City raised fees in phases in order to increase contributions to the depreciation fund and to provide revenue for bond payments. The bonds were sold to finance replacement of infrastructure and other improvements in the harbor. In 2013 the City also funded a Port and Harbor rate study which was completed by an independent consulting firm. The firm recommended significant rate increases over the next five years and those recommendations are currently under consideration by the Port and Harbor Commission.

The Enterprise Fund depreciation reserve is significantly underfunded. The \$711,686 transfer is nearly \$200,000 more than the prior year's amount, but is less than half of the annual depreciation, which is the amount that should be transferred. The Enterprise Fund is also developing a problem with retained earnings and cash on hand. This is getting dangerously low and it means that the Fund does not have much margin for error if a large and unforeseen expense occurs or revenues suddenly decline.

<u>Future Policy Issues</u> –

The City of Homer will be faced with some very significant financial issues in the coming year. Fixed costs will continue to rise but the public appetite for raising new revenues is questionable. This will place even tighter constraints on the City's ability to provide quality services. A budget that does not contain funding for depreciation accounts is not responsible or sustainable in the long term and the taxpayers will likely pay more down the road if this issue is not addressed. The public debate about what residents want from City government and what they are willing to pay for will continue and perhaps get more focused as budgets get tighter. This "disconnect" between what people want and what they are willing to pay for is well chronicled and is not unique to Homer. Finally, recent changes to heath care benefits, retirement programs, and limits on increases in compensation have made the City employee compensation package less competitive. This may affect the City's ability to recruit and retain quality employees.

Acknowledgments -

I wish to express my appreciation to all members of the City of Homer's Staff for their dedicated service during the past year. A special thanks to the staff in Finance Department for preparation of this budget document. The invaluable help given by the entire municipal workforce in the preparation of the FY 14 budget is also acknowledged. Each employee's contribution combined to develop a budget that provides Homer residents with a high level of service at the lowest possible cost. *This plan for 2014 could not have been accomplished without the enthusiastic help of all City employees. Thank you.*

I would also like to thank the Mayor and the Council for their interest, support,

suggestions, and participation in the creation of this budget. I believe this proposed budget allows the staff to conduct the financial affairs of the City of Homer in a progressive and responsible manner. *Thank you.*

The Future -

The City of Homer has the best municipal workforce in the state. These dedicated employees make the City of Homer a great place to live, work, visit, and conduct business. While the City of Homer may face interesting challenges in 2014 and beyond, the future is indeed bright - - the best days are still ahead.

Respectfully submitted,

Walt Wrede City Manager

DOCUMENT

The budget document is divided into several sections. The first part of the budget is the **introduction**, which includes the table of contents, narratives about the budget document, budget process and fund structure. The next section is the **overview**. In this section the reader can see the combined budget for all fund types, and graphic presentations of the total government expenditures and revenues. The overview information is a recapitulation of detailed data presented later in the budget document. Its purpose is to give the reader an understanding of the overall financial activities and structure of the City without having to sift through the many pages of detailed information.

Following the overview are sections for each type of fund, beginning with the <u>General Fund</u> and followed by the <u>Utility Fund</u>, <u>Port and Harbor</u>, <u>Projects</u>, <u>Debt Service</u>, <u>Internal Service</u>, <u>Investments</u>, and <u>Permanent fund</u>. Each section provides detailed information on revenues and expenditures for each fund within the fund type. Each fund and department or division within a fund has a page of narrative which describes the general and specific objectives of the fund, proposed program changes, and explanation of changes in particular accounts. There is also a page detailing the expenditures by account number. Expenditure information includes the Council's adopted or amended appropriation and historical information from three prior fiscal years.

The Depreciation Reserves and Vehicle Replacement funds are included in the Project fund. The Health Insurance Reserves, Leave Cash Out Bank and the Revolving Energy Fund are in the internal service fund section. The Water and Sewer are included in the Utility Fund. The Debt Service, Investments and Permanent Fund are included for informational purposes only.

The **Staffing** section includes citywide staff. You will find an organizational chart and an employee range classification, an hourly salary schedule, the number of authorized employees by department.

A chart of accounts and a glossary of terminology are included in the <u>appendix</u>. Each department has a comparison of three prior fiscal years personnel with the council approved personnel for proposed fiscal year personnel.

PROCESS

The City of Homer's fiscal year begins January 1st and ends December 31st. The budget process for the City of Homer starts in August beginning with the distribution of budget work-sheets to each department. The City Manager meets with the Department Heads to outline the budget policies and objectives for the coming fiscal year.

By the third Friday of September, the City Manager presents to the Council an overview of preliminary budget assumptions that address revenue projections, taxes, utility rates, program additions or deletions, wage and benefits, and other issues, which may potentially impact on the City's overall financial condition.

In accordance with Homer City Code 3.05, the City Manager shall submit the preliminary budget for the ensuing fiscal year to the City council by the third Friday in October. The Council then has until December to hold public hearings on the City's budgetary objectives and any statements of budget priorities of the community.

By no later than ten days prior to the end of the current fiscal year, the Council shall, by ordinance, make appropriation of the money needed for the following year.

After the budget has been adopted by the Council, the Council may transfer appropriations between major classifications or department by resolution and transfer appropriations between funds by ordinance. The City Manager has the authority to transfer amounts up to \$10,000 within a department.

FUND

Funds are fiscal and accounting entities with a self-balancing set of accounts. There are three broad fund categories: **Governmental Funds** (in general, they report tax supported activities), **Proprietary Funds** (report business-type activities), and **Fiduciary Funds** (report resources held as trustee or agent for others).

Examples of different types of funds:

- Governmental Fund Types: General Fund, Special Revenue Fund (Water & Sewer), Capital Project Funds, Debt Service Fund, Permanent Fund.
- Proprietary Fund Types: Port & Harbor Fund
- Fiduciary Fund Types: Library Contributions Fund

Fund accounting is an accounting system emphasizing accountability rather than profitability. As a control device fund accounting system is used to segregate financial resources and ensure that the segregated resources are only used for their intended purpose.

The City of Homer's activities are categorized with four major types of funds: The General Fund, Enterprise Funds, Debt Service Funds, and Reserve Funds. Under each type of fund, there are multiple funds utilized for specific purposes.

Governmental Funds

General Fund: The general fund is the general operating fund of the City of Homer. It serves as the primary reporting vehicle for current government operations. This fund accounts for all current financial resources not required by law or administrative action to be accounted for in another fund. Financial support for this fund comes from such sources as general property taxes, sales taxes, fees, and inter-governmental revenues (i.e. reimbursement from enterprise funds to the general fund for administrative services). Expenditures are authorized in the general budget. In the general fund you will find various departments such as Administration, Finance, Planning and Zoning, Public Safety, Fire, Public Works, Library and Airport.

RECOMMENDATION: Maintain a balance of equal to six-month worth of expenditures for purposes of providing operating capital for all City operations.

<u>Water and Sewer Special Revenue Fund:</u> This fund accounts for operations of the water and sewer system. User charges are designed to recover cost of operation and maintenance of the system, exclusive of depreciation and major capital improvements. This fund is a component of the Utility Fund.

<u>Debt Service Fund:</u> The debt service funds are used to account for the accumulation of resources for the payment of general long-term principal, interest, and related cost. Each enterprise fund includes their respective general long-term debt principal, interest, and related costs. During the year these are kept in separate funds but are reported in the respective enterprise fund at the end of the year for financial statement presentation. During the year there is a debt service fund for HART and HAWSP. Revenue for these funds comes mainly from the collection of sales tax and assessments.

<u>HAWSP Debt Service Fund:</u> Water services are extended and property owners are assessed for part of the cost of this service. Sales tax revenue is used to pay for the financing of the debt incurred in input of new water/sewer lines and the new water treatment plant. The fund is a component of the Utility Fund.

<u>Reserve Funds:</u> Those portions of the fund balance that are legally segregated for a specific future use are reserve funds. These funds are appropriable for expenditures with the approval of the City Council during the budget process or on an individual basis as situations arise which are addressed by the City Council. There are three types of reserve funds being used by the City now.

Fleet Reserve: The sole purpose of this fund is for replacement of the City's fleet of vehicles on a planned rotation basis as their useful life expires. It is **NOT** for the purchase of vehicle accessories. Each department director through the normal budgetary process funds fleet allocation every year in an amount sufficient to cover the replacement of that department's fleet of vehicles. At the present the following exist: Administration, Fire, Police, Public Works, and Water & Sewer (Port/Harbor Enterprise Fund has its own Fleet Reserve Fund). Resolution 91-52: Includes all rolling stock with the exception of graders, backhoes, dump trucks, fire trucks, etc.

<u>Depreciation/Capital Reserve:</u> Capital replacement monies are to be restricted and distributed only for major capital outlay expenditures. Unbudgeted and unexpected capital costs in excess of \$10,000 shall come from these reserve accounts. To use these restricted funds, the City Council must approve the proposed purchase of services and/or goods. These reserve accounts have been established for City Hall, Library, Fire Department, Police Department, Public Works Department, City Leased Property, Library, Airport, Sewer (94-129a), Water (94-130A), and Port and Harbor (92-51S).

<u>Capital Project Funds:</u> Capital project funds account for financial resources used for the acquisition or construction of major capital facilities (other than those financed by the Proprietary Fund Type). This fund is used as a financial reporting tool to demonstrate compliance with legal and contractual provisions, and to compile certain cost data. The purpose is to control expenditures for each project or closely related group of projects. In the general fund this is mainly used for the construction of roads and the collection of cost data. The sewer and water funds use this for the addition of sewer and water lines or improvements. The Port and Harbor use the capital fund for various grants and improvements to their facilities and for the collection of cost data.

Proprietary Funds

Enterprise Funds: Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises. It is the intent of the City Council that the cost of providing goods and/or services to the general public be financed or recovered primarily through user fees. Currently, Port and Harbor is the only enterprise fund operated by the City.

<u>Internal Service Fund:</u> The City has three Internal Service Funds. The chief aim of an internal service fund is cost reimbursement.

- Self-Insurance Health Fund: This fund accounts for operations that provide a service to other departments with the City on a cost-reimbursement basis. The City of Homer's health insurance is a self-funded program. The City holds sufficient funds to pay claims and other costs incurred by the program. Each department is allocated a portion of the cost, depending on their individual employee needs, to pay the necessary expenditures of this fund. The amount allocated from departments is not limited to the expenses of this fund, as any remaining balance remains in the fund for future expenses.
- Leave Cash Out Fund: This fund is to capture the expenditures of leave cash out from employees who retire or cash in their leave during the year. The General Fund, the Water & Sewer Special Revenue Fund, and Port & Harbor Enterprise Funds allocate a portion of the cost, depending on the anticipated retiree's and other leave cash outs of this fund for the year.
- Revolving Energy Fund: This fund was created to provide a long term source of funding for energy efficiency projects in City Facilities. Loans are provided for capital projects that improve energy efficiency in City buildings and facilities. The loans are to be repaid using the savings that are achieved.

Fiduciary Funds

Agency Fund, a type of Fiduciary Fund, is used to account for assets held by the City. Agency Fund is custodial in nature and do not involve measurement of operations. This fund generally serves as a clearing account. The City has two such accounts:

<u>Library Contributions Fund:</u> For the City of Homer is include funds received by the Homer Public Library, Inc. until such time as disbursements are requested.

<u>Fire Donation Fund:</u> This includes funds received by the Homer Volunteer Fire Department until such time as disbursements are requested.

FINANCIAL POLICIES

The City form of government is designed to provide maximum local self-government.

The City of Homer is a first class General Law City incorporated in 1964 under Title 29 of the Alaska State Statute. City Code establishes that the fiscal year begins January 1st and ends December 31st. A wide range of services such as planning and zoning, docks & small boat harbor, airport facility, water and sewer services, library, parks and recreation, public safety (police protection, jail facilities, fire and emergency medical services), Public Works, and general administrative services are provided by the City for the citizens of Homer and surrounding areas. In addition to general governmental activities, the City provides financial support to certain community service organizations that promote education, health, recreation and economic stability for the citizens of the community. Funding for the City, by order of importance, is provided from sales tax, property tax, state revenue, interest earnings, federal revenue and other sources.

The City of Homer Council has the responsibility to set the budget and establish the mill rate for the City.

The need to demonstrate compliance with regulations governing the funding sources for those services requires a complex and advanced accounting system. To fulfill this need, the National Council on Governmental Accounting recommended the use of fund accounting by state and local governments. A description of the fund types is presented in the Fund Description section of this document. Depending on the type of fund referred to, the basis of accounting may be different. The basis of accounting determines when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. The budgetary basis is the same as the Generally Accepted Accounting Principles (GAAP) basis, where encumbrances outstanding at year-end are not treated as expenditures but as reservations of fund balance. The City's budget and accounting systems are operated on the modified accrual basis for governmental fund types (this includes the general, special revenue, capital projects and debt service funds) and the agency funds. Revenues are recognized when they become measurable and available as net current assets, and expenditures are recognized when the related fund liability is incurred. The accrual basis of accounting is used for the proprietary fund types, whereby revenues are recognized when earned and expenses are recorded when incurred.

The City of Homer's financial policies set forth the framework for the overall fiscal management of the City. The established long-range policies regarding financial management have been to take a conservative approach on forecasting revenues due to the uncertainty of the revenue source, particularly State revenues. This policy takes into consideration any changes in circumstances or conditions when evaluating both the current and long-range goals, and has helped to maintain financial stability.

The following policies assist the decision-making process of the Homer City Council.

Prudent budgeting and effective budgetary control

Working capital, sufficient to meet current operating needs, is provided for all funds. The working capital designation will provide the cash flow to fund day-to-day City operations. It also significantly reduces the likelihood of the City ever needing short-term debt to cover cash shortages.

Formal budgetary integration is employed as a management control device during the year for the General Fund. Capital projects are budgeted on a project length basis. The objective of these budgetary controls is to insure compliance with legal provisions embodied in the annual appropriated budget approved by the Homer City Council. The legal level of control (that is, the level at which expenditures cannot legally exceed the appropriation) is at the fund level. The City Council may pass subsequent supplemental appropriations. Activities of the General Fund and Enterprise Funds are included in the annual appropriating budget. Appropriations lapse at the end of the year.

The City maintains an encumbrance accounting system as one technique of accomplishing budgetary control. Open encumbrances are reported as reservations of the fund balances and are charged to subsequent year appropriations.

The City's financial records for governmental fund types are maintained on a modified accrual basis. Revenues and other financial resource increments are recognized when they become susceptible to accrual. Expenditures are recognized when the fund liability is incurred except for inventories of materials and supplies, prepaid insurance, and similar items that may be considered expenditures when consumed. The City's Proprietary Funds are accounted for on the accrual basis. The accrual basis means that financial records are affected when the revenues are earned and expenses are incurred.

Efficient safeguarding of City assets

Management of the City of Homer is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the City are protected from

loss, theft, or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of 'reasonable assurance' recognizes that: 1) the cost of a control should not exceed the benefits likely to be derived; and 2) the valuation of costs and benefits require estimates and judgments by management. Authorization, through purchase orders, is required for the encumbrance and expenditure of funds. An encumbrance is the reservation of the funds necessary to pay for the purchase. The proper account must have adequate appropriations available prior to approval of the purchase order. Formal bids are required for purchases exceeding \$25,000.

Manageable debt administration

Debt administration procedures include the scheduling of bond payments spread over the life of the issue, producing a total debt service schedule that is manageable. Under state statutes, a municipality may incur general obligation bond debt only after a bond authorization ordinance is approved by a majority vote at an election. There is no legal debt limit established for the City. Debt repayment is timed to correspond to expected cash inflows.

Maintenance of a sound investment policy of City monies

The City uses a Central Treasury whereby all cash of the general government, enterprise fund, and any other agencies of the City is accumulated and invested. This procedure not only provides internal control but yields a higher rate of return on our investments because the amount available to invest is larger. The investment policies included in the City's Code of Ordinances include requirements for collateralization, diversification and safekeeping, as well as listing authorized investment instruments. The main objectives of this policy is the safeguarding of principal, maintaining sufficient liquidity to meet the City's cash flow requirements, and striving to achieve the highest rate of return on City investments and deposits, with due regard to the security of the investments and margins of risk. The city's investment policy is to minimize credit and market risks while maintaining a competitive yield on its portfolio. The City's cash is fully invested at all times.

Homer Municipal Code: 3.05.005-3.05.045

BUDGET

Sections:

3.05.005	Budget assumptions.
3.05.010	Budget submission; contents.
3.05.011	City Manager's budget message.
3.05.012	Complete financial plan.
3.05.015	Review; hearing; adoption; appropriations.
3.05.020	Amendments.
3.05.025	System of accounts.
3.05.030	Unencumbered balances of appropriations; transfers.
3.05.035	Lapse of appropriation at end of year.
3.05.040	Equipment replacement reserve fund.
3.05.042	Alternative Funding for Depreciation.
3.05.043	Health Insurance Reserve Fund.

3.05.045 Balanced budget requirements.

- 3.05.005 Budget Assumptions. By the third Friday in September the City Manager shall present to the Council an overview of preliminary budget assumptions. These preliminary assumptions will address by fund, revenue projections, tax and utility rates, program additions or deletions, wages and benefits, or other issues with potential impact on the City's overall financial condition. (Ord. 93-14 § 2, 1993)
- 3.05.010 Budget submission; contents. By the third Friday in October the City Manager shall present to the Council a budget proposal for the next fiscal year of the City. (Ord. 93-14 § 2, 1993)
- 3.05.011 City Manager's budget message. The City Manager's budget message shall explain the budget in fiscal terms and in terms of work programs. It shall contain an outline of the proposed financial policies of the City for the ensuing fiscal year, describe the important features of the budget, indicate any major changes from the current year and from current financial policies, expenditures, and revenues, together with the reasons for such changes, summarize the City's debt position and include other material as deemed desirable. (Ord. 93-14 § 2, 1993)
- <u>3.05.012</u> Complete financial plan. a. The budget shall provide a complete financial plan of all City funds and activities for the next fiscal year. In organizing the budget, the City Manager shall utilize the most feasible combination of expenditure classification by fund, organizational unit, program, purpose or activity and object.
- b. The budget shall begin with a clear general summary of its contents, which summary shall show principal sources of anticipated revenue, stating separately the amount to be raised by property taxes, and by department the kinds of expenditures in such a manner as to present to the public a clear and simple estimate of budget detail.

Homer Municipal Code: 3.05.005-3.05.045

- c. The budget shall show in detail all estimated income, including the proposed property tax levy, and all proposed expenditures including debt service, for the ensuing fiscal year.
- d. The budget shall be prepared on a modified accrual basis and subsequent reporting an auditing shall reflect this basis of goods and services are received, and revenues are recorded when payment is received; except for material or available revenue which should be accrued to reflect properly the taxes levied and the revenues earned.
- e. The budget shall include in separate sections:
- (1) Proposed expenditures for current operations during the ensuing fiscal year detailed by offices, departments and agencies in terms of their respective work programs, and the method of financing such expenditures;
- (2) Anticipated net surplus or deficit (fund balance) for the ensuing fiscal year of each enterprise fund owned or operated by the City and the proposed method of its disposition; subsidiary budgets for each such enterprise fund, giving detailed income and expenditures information, shall be presented in the budget.
- (3) Proposed capital budget will be presented under a separate document. Expenditures during the ensuing fiscal year, detailed by offices, departments and agencies, when practicable, and the proposed method of financing each such capital expenditure.
- f. Comparative data for the previous and current fiscal years shall be provided in a format for ease of comparison with the proposed revenues and expenditures.
- g. Data for the current fiscal year shall include the total of the amounts actually received or encumbered to the time of preparing the budget, plus anticipated receipts and expenditures for the remainder of the current year. (Ord. 93-14 § 2, 1993)
- 3.05.015 Review; hearing; adoption; appropriations. a. The budget proposal of the City Manager shall be reviewed by the Council and shall be available for public inspection in the office of the City Clerk and the budget summary shall be posted in three public places and published at least once in one or more newspapers of general circulation in the City.
- b. A public hearing on the appropriation ordinance shall be held in accordance with provisions for adoption of an ordinance. All interested parties shall be given an opportunity to be heard on matters relative to the budget.
- c. At a Council meeting held not less than ten days prior to the end of the fiscal year, the Council shall, by ordinance, make appropriation of the money needed for the following year.
- d. A separate appropriation shall be made to each of the various funds of the City. From the effective date of the budget, the amounts stated therein as proposed expenditures, shall be and become appropriated to the objects and purposes therein

Homer Municipal Code: 3.05.005-3.05.045

named. The City Council may make supplemental and emergency appropriations, but payment may not be

authorized or made and an obligation may not be incurred except in accordance with approved appropriations. (Ord. 98-20(A), 1998; Ord. 93-14 § 2, 1993)

- 3.05.020 Amendments. The Council may, by ordinance, increase or decrease appropriations during the course of the fiscal year, and may also amend the budget using the same method used for its initial adoption. (Ord. 93-14 § 2, 1993)
- 3.05.025 System of accounts. All City accounts shall be organized in a manner consistent with the approved budget. For purposes of appropriations under subsection 3.05.015, the funds of the City are those established by the Finance Director/Treasurer recommended by the City Manager and approved by the City Council. (Ord. 93-14 § 2, 1993)
- 3.05.030 Unencumbered balances of appropriations; transfers. a. The necessary accounting records shall be maintained to reflect the unencumbered balances of all appropriations. In determining the unencumbered balances of appropriations, the estimated amounts of commitments for goods or services ordered but not paid for shall be taken into consideration, and the Finance Director/Treasurer shall submit to the City Manager a monthly report of all unencumbered balances.
- b. Unencumbered appropriation balances may be transferred from one budget line item to another within the same department by the City Manager at any time. Transfer of appropriations within departments which would permanently amend the approved staffing level or level of service delivery shall require Council approval.
- c. At the request of the City Manager, or on its own initiative, the Council may, by resolution, transfer unencumbered appropriation balances from one department to another within the same fund. (Ord. 93-14 § 2, 1993)

3.05.035 Lapse of appropriation at end of year.

- a. Except as provided in this section and in section 3.05.040 and 3.05.043 of this code, appropriations shall lapse at the end of the fiscal year to the extent that they have not been fully expended or fully encumbered. (Ord. 94-5 § 2, 1994)
- b. An appropriation for a capital expenditure shall continue in force until the purpose for which it is made has been accomplished or abandoned; the purpose of such appropriation shall be deemed abandoned if three years pass without disbursement or encumbrance of the appropriation. (Ord. 93-14 § 2, 1993)

3.05.040 Equipment replacement reserve fund.

a. There is established in each fund of the City an equipment replacement reserve fund. The amount of the equipment replacement reserve fund shall be based on the amount necessary to meet future equipment needs projected for all departments within each fund of the City.

Homer Municipal Code: 3.05.005-3.05.045

- b. Any earnings from investment of monies accumulated in the equipment replacement reserve fund shall accrue to the equipment reserve fund.
- c. At year end, all unexpended and unencumbered appropriations from the reserve fund for equipment purchases shall be lapsed into that reserve fund.
- d. Monies in the reserve fund for equipment replacement shall be available for appropriation and expenditure for equipment replacement, purchase or any other purpose as recommended by the City Manager and authorized by the City Council. (Ord. 93-14 § 2, 1993)

3.05.042 Alternative Funding for Depreciation.

a. There is established in the General Fund of the City an Alternate Funding for Depreciation. (Ord. 05-11(S) §2, 2005.)

3.05.043 Health Insurance Reserve Fund.

- a. There is established in the general fund of the City a health insurance reserve fund. All health insurance claim rebates received shall be appropriated to and deposited in the health insurance reserve fund. The City Council may appropriate additional sums to the fund.
- b. Any earnings from investment of monies accumulated in the health insurance reserve fund shall accrue to the health insurance reserve fund.
- c. At the year end, all unexpended and unencumbered appropriations from the health insurance reserve fund shall be lapsed into that reserve fund.
- d. Monies in the health insurance reserve fund shall be available for appropriation and expenditures for health insurance premium increases as recommended by the City Manager and authorized by the City Council. (Ord. 94-5 § 1, 1994)
- <u>3.05.045</u> Balanced budget requirements. The budget which is adopted shall be balanced considering all sources of funds.
- a. Any action to reconsider, rescind, or veto the budget which creates an "imbalance" shall be in violation of this section.
- b. Any action to reconsider, rescind, or veto the budget which would affect a balanced budget must be accompanied by action which maintains a balanced budget. (Ord. 93-14 § 2, 1993)

CITY OF HOMER - FACT SHEET

Government

The City of Homer was established as a first class municipality in March 1964 with a city manager/city council form of government. Elected officials consist of six City Council members and the Mayor. Homer is part of the Kenai Peninsula Borough.

History

Named for Homer Pennock, a con man who arrived in 1896 and lured others to the Homer area with promises of gold, the community of Homer evolved from a coal mining town to a center for fishing, farming, ranching, and homesteading and finally to the vibrant regional economic center we see today.

Located at the southern tip of the Kenai Peninsula, Homer is variously described as "where the land ends and the sea begins," "the cosmic hamlet by the sea," an arts community, and a fishing community. Common to almost any description is an acknowledgement that Homer is situated in **one of the most beautiful places in the world**, with spectacular views of Kachemak Bay, the Kenai Mountains, and several volcanic peaks across Cook Inlet including Mt. Augustine, Mt. Iliamna, and Mt. Redoubt.

Homer is also famous for **the Homer Spit**, a 4.5 mile natural spit of land extending into Kachemak Bay. Accommodating Homer's port facilities and small boat harbor along with numerous shops, restaurants, the Nick Dudiak "Fishing Hole," campgrounds, charter fishing and sight-seeing businesses, and other attractions, the Spit is a beehive of activity during the summer months. Commercial fishing remains a vital part of the local economy. Homer lands more halibut than any other port in the world, earning the title of "Halibut Capital of the World."

Homer's economy is based on more than just fishing and tourism. Marine trades are an industry cluster. The Alaska Department of Labor has noted that entrepreneurship is a key element in Homer's economic equation. Education and health services are vital to the economy and contribute to Homer's quality of life. Homer has become popular as a retirement community and locale for summer homes. New residents who can live anywhere they choose Homer partly because of the beauty; partly for the arts, culture, and recreation opportunities; and partly because people here are friendly and welcoming.

Homer residents make the most of **outdoor recreation opportunities** including fishing, hiking, skiing, kayaking, snow-machining, birding, kite-surfing, and more. In addition to these attractions, Homer is widely acknowledged to have the best arts scene and the best restaurants of any small town in Alaska. Many of these businesses are located on Pioneer Avenue or in "Old Town" as well as on the Spit. Two other major attractions are the Pratt Museum and the Alaska Islands and Ocean Visitor Center. The Islands and Ocean Center serves as headquarters for the Alaska Maritime National Wildlife Refuge and the Kachemak Bay National Estuarine Research Reserve. The Homer Chamber of Commerce operates a visitor information center and is a quick source of information on local happenings, opportunities, and services. Homer has a plethora of non-profit organizations that enhance quality of life and provide wide-ranging volunteer opportunities.

CITY OF HOMER - FACT SHEET

Homer prides itself on being an ambitious, forward-thinking community that embraces responsible economic development. **Major goals for the next decade** include developing 30 acres in the heart of Homer as a new and vibrant "Town Center," expanding the Deep Water Dock, adding additional boat harbor space, developing a new water source to meet the needs of a growing population, and bringing natural gas to Homer.

Homer is also gaining recognition for its **emphasis on sustainability**. It was the first community in Alaska to adopt a Climate Action Plan (2007) and the City of Homer has followed up with an employee sustainability guidebook and a program to improve energy efficiency and conservation in all City buildings and facilities.

Tax rates in Homer

There is no state income tax or state sales tax in Alaska. The sales tax in Homer is 7.5% (4.5% City of Homer and 3% Kenai Peninsula Borough). Non-prepared foods are exempt from sales tax from September through May.

The property tax rate in Homer totals 11.3 mills (4.5 City of Homer, 4.5 Kenai Peninsula Borough, and 2.3 South Peninsula Hospital). This translates to a tax levy of \$1,130 for every \$100,000 in assessed valuation. However, the first \$20,000 in valuation is tax exempt for most residents who request the exemption. In addition, senior citizens (age 65 and older) benefit from an exemption on the first \$150,000 in valuation for the City of Homer portion and on the first \$300,000 in valuation for the Kenai Peninsula Borough portion. The KPB exemption applies to service area tax assessments as well; for example, the one which supports South Peninsula Hospital.

Water and sewer service and rates

The City of Homer provides clean water to the Homer community through a water treatment plant located adjacent to the Bridge Creek Reservoir. The water treatment plant came on line in 2009, replacing an older facility.

The Sewer Treatment Plant is located in the Public Works compound on the Sterling Highway. The existing plant has been in operation since 1989.

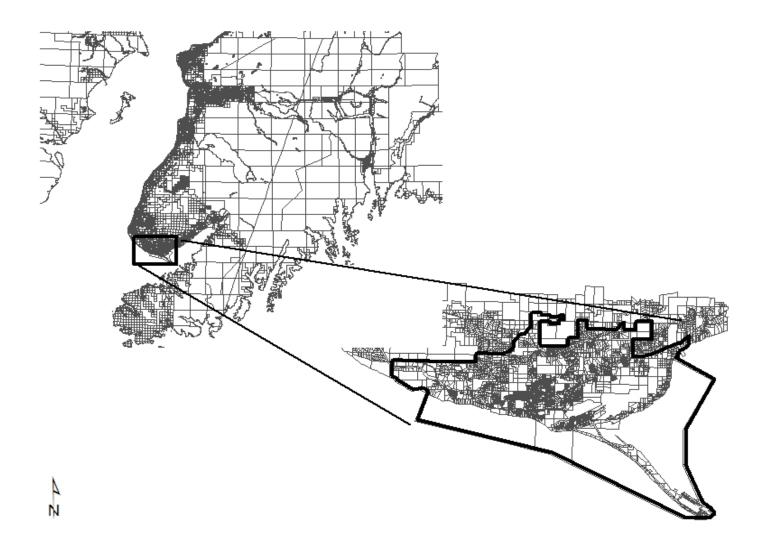

Some households not hooked up to the City water system obtain water from commercial water haulers. Local water haulers include QuickDraw and Hank's Water Service. Contact them for information on current rates.

ALASKA - KENAI PENINSULA - CITY OF HOMER

Location

Homer is located in south-central Alaska, 227 road miles from Anchorage (Alaska's largest city), near the southern tip of the Kenai Peninsula, 59°38'35" North Latitude, 151°31'33" West Longitude. (Map source: Alaska Islands and Ocean Visitor Center.)

1.05.010 City boundaries designated. Alaska Tidelands Survey 612 and the legal description stated in the Order Declaring Corporation of the City of Homer, dated March 31, 1964, and recorded in Book 32, Page 169 of the Homer Recording District Office, and the legal description of the Corporate Boundaries of the City of Homer including approximately 4.58 square miles annexed to the City of Homer effective March 20, 2002 and recorded in the Homer Recording District: 309-Homer, as serial number 2002-001430-0 dated April 3, 2002, are incorporated in this section by this reference as the boundaries of the City of Homer. 2014 Operating Budget, Revenue Assumptions

The goal is to produce realistic and conservative revenue projections for fiscal year 2014. Both qualitative and quantitative forecasting techniques are used when estimating the revenue line items. The City's three years of historical data [2011 Audited, 2012 Audited, and 2013 Unaudited] and the tax and economic projections by the Borough and the State are the basis of the forecasting. Major revenue sources of each fund are explained in the following paragraphs.

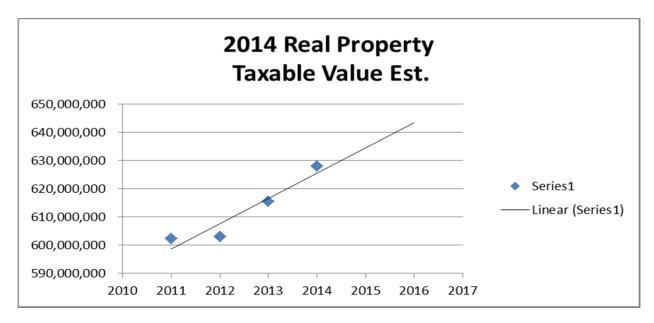

GENERAL FUND

Real Property Tax [Tag 20] is one the main revenue sources for the General Fund.

Real property values [Table I] are established January 1 each year. Roll is certified June 1. It can be paid in two installments that the first installment is due September 15 and the second installment is due November 15. A single payment in full is due October 15. The Mill-rate is 4.5.

Table I. Real Property Values

Year	Taxable Value	Receipt	Percentage
2011 Actual	\$602,304,712	\$2,680,082	0.4450%
2012 Actual	\$603,000,000	\$2,750,837	0.4562%
2013 Actual	\$615,478,812	\$2,750,326	0.4473%
2014 Budgeted	\$627,963,336	\$2,808,880	0.4473%

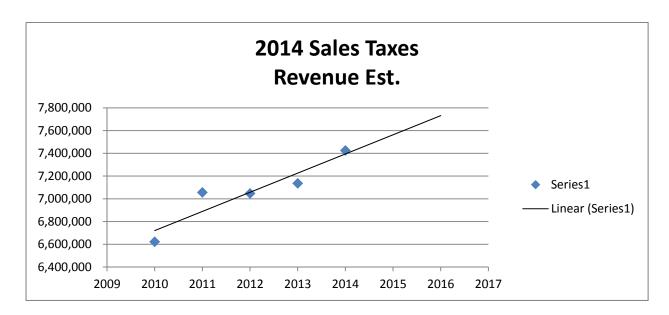

For fiscal year 2013, in addition to the mandatory exemptions of \$365,227,688, City of Homer has optional exemptions of \$33,520,400 that includes \$90,000 for Volunteer FF/EMS Exemption, the 20K Homer Residential Exemption of \$20,764,400, and the Homers Override Exemption of \$12,666,000.

2014 Operating Budget, Revenue Assumptions

Sales Tax is another main revenue source for the General Fund. The local sales tax rate [the City's portion, Table II] is 4.5%. Two thirds of the total sales tax revenue is allocated to General Fund. HAWSP (Homer Accelerated Water/Sewer Projects) and HART (Homer Accelerated Roads & Trails) equally share the other one third of total sales tax revenue.

Table II, Sales Taxes

Year	Receipt
2010 Actual	\$6,622,567
2011 Actual	\$7,056,403
2012 Actual	\$7,047,516
2013 Actual	\$7,135,699
2014 Budgeted	\$7,425,000

Non-prepared foods are exempt from sales tax for the months of September through May. Based on the Borough statistics, fiscal year 2013, such exempt sales amounted to about \$18,000,000 in total.

Taxes on personal properties are budgeted at the level of past few years' experiences. All other revenue line items, which are not specifically mentioned below, are estimated based on the same principle.

The Alaska Shared Revenue and the Prisoner Care Contract Revenue are actual amounts allocated to 2014. Revenues from the Airport Terminal Services including the Carrier Leases are reduced significantly due to the pullout of Grant Aviation.

2014 Operating Budget, Revenue Assumptions

SPECIAL REVENUE FUNDS

The city has one Special Revenue Fund: <u>Water & Sewer Fund</u>. The city has adopted a new consumption based Rate Model, effective January 1, 2014.

FY 2014 Basic Revenue Assumptions:

- 1. The number of customers will remain at the level of 2012.
- 2. The estimate for water consumption [volume] takes into considerations of the probable conservation [new model, higher rate driven] and past three years' experiences.
- 3. The cost of Water Hydrants, which is considered a General Fund benefits to the public, budgeted at an increase of nearly 100%. This is paid by the General Fund (as an expense item) to the Water Fund (as additional revenue).
- 4. A 3,500 gallons of sewage discharge in volume is budgeted for each sewer only customer.
- 5. No changes are made in all other miscellaneous revenue line items such as connections and parts & services.

Water Fund:

Based on the number of water customers in year 2012, an estimate of \$241,000 loss in revenue is budgeted for fiscal year 2014. This is due to the reduction of the monthly fixed fees. Consumption based revenue is expected to increase by about \$315,000. The total estimated **operating revenue** for 2014 is expected to be higher than the actual of 2012 by about \$60,000, but lower than 2013 budgeted by approximately \$75,000.

Sewer Fund:

The new Rate Model eliminated the monthly fees for the sewer portion of the monthly charges for nearly all Water & Sewer dual users [except multiunit and sewer only users]. Based on the number of sewer customers in year 2012, an estimate of \$513,000 loss in revenue is expected for fiscal year 2014 due to this elimination. Volume based charge is expected increase significantly due to the new sewer [higher] rate and the surcharge for the lift-zone customers. The overall Sewer revenue is expected to be higher than 2013 budgeted amount by \$278,000.

Notes:

- Total Revenue (operating & non-operating) of the Water Fund is budgeted a 5.2% increase from 2013 budget, however, the total Expenses for Water Operation is expected to increase by 8.3% from 2013 budget.
- 2. Total Sewer Revenue is budgeted a 16.9% increase from 2013 budget; the total Sewer Expenses is expected to increase by 2.9% from 2013 budget. FY 2014, the Water & Sewer Special Revenue Fund has a balanced budget with only the minimum contribution to the reserve fund.
- 3. A transfer of \$200,000 to the Water & Sewer Reserve Fund is part of the 2014-operating budget. This is to satisfy the minimum Depreciation Reserve requirement established by the Council.

2014 Operating Budget, Revenue Assumptions

ENTERPRISE FUND

Generally Accepted Accounting Principles (GAAP) requires the state and local governments to use the Enterprise Fund type to account for "business-type activities designed for self-sustaining operations" that include services primarily funded through user charges. Financial transactions are reported using standards similar to private sector accounting. Revenues are recognized when earned and expenses are recognized when incurred, under a full actual basis of accounting. It is a separate budget and accounting unit from the General Fund.

The City has one Enterprise Fund.

Port & Harbor Fund

All revenue line items are estimated based on past years [2011, 2012, and 2013] experiences. Total revenue is budgeted for \$4,681,252 for 2014. It is a 7.7% increase from 2013-budgeted amount. The total budgeted expenditure is increased by 6.9% from 2013-budgeted amount. The operating transfer to depreciation reserve fund increased by \$194,689 from 2013 budgeted amount.

GENERAL FUND

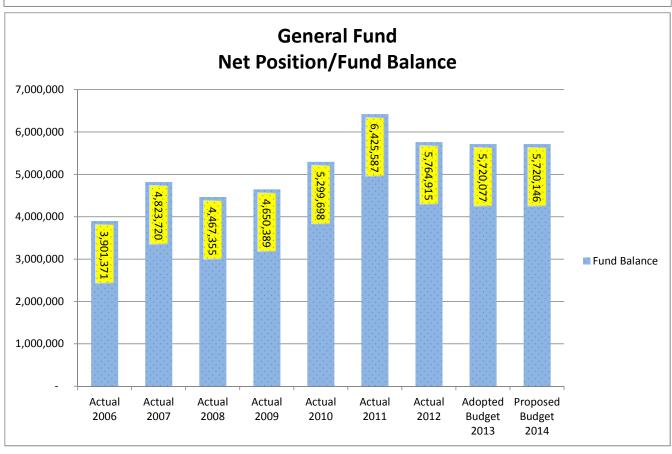

The General Fund is established to account for the revenues and expenditures necessary to carry out basic governmental activities of the City such as administrative, library, planning, airport, public safety, fire services and recreation. Appropriations are made from the fund annually.

Revenues are recorded by sources, for example, property and sales taxes, airport, etc. General Fund expenditures are made for the current day to day operating expenses. Capital expenditures such as building improvements and the purchase of equipment are accounted for in the Depreciation Reserves (Capital Projects). Expenditures are accounted for by the individual departments. These are then rolled up into the General Fund.

GENERAL FUND - MAYOR, COUNCIL

The legislative power of the City is vested in the Mayor and City Council who establish city policies, appropriate public funding and adopt legislation. The City Council is a body of six elected officials empowered by State Statute and Homer City Code to represent the local citizens. They may engage in a broad range of decision making for the betterment of the community.

The Mayor and City Council approve the City's annual budget, with or without amendments, and appropriate the money required for the approved budget.

Adoption of the budget establishes the City's plan of operations, establishes the legal purposes for which city funds can be spent, and sets limits on the amounts that can be spent for each purpose.

5210 - Legal Fees are recorded under Professional & Special Services 5248 - Lobbying expenses are shared between General Fund and Port &

Harbor Enterprise Fund

5280 - \$4000 is added for Citizens Academy for FY 2014

GENERAL FUND – CITY CLERK

The responsibilities of the City Clerk's Office include providing efficient administrative support and cooperation with Mayor, Council, City Manager, and City Departments. The Clerk administers and supervises elections in accordance with local, state and federal laws.

The Clerks provide for a City wide Records Management System that includes oversight and management of all City records, archival policies and procedures, retention policies and procedures, and the destruction of obsolete records. The City Clerk is the custodian of the City seal.

The City Clerk ensures that notices and other requirements for public meetings are compliant. The office generates and maintains the journal of public meetings, providing for complete and accurate records of all meeting proceedings of the legislative body and its advisory and subsidiary bodies. The Clerk's Office ensures that public records are available for public inspection and assists the City Manager in records request procedures.

The Clerks coordinate and administer the bidding and request for proposal processes and procedures and Local Improvement District and Assessment District processes and procedures. The Clerk's Office manages and maintains the Clerk's website to provide for efficient department and public access to current and ongoing City activities.

GENERAL FUND - CITY MANAGER

The City of Homer strives to provide quality services to all its citizens; to respond in the most appropriate, open and fiscally responsible manner possible to citizens needs and concerns; and to do so through the active participation of those citizens.

These services include police, fire, emergency medical services, parks, cemeteries, animal control, street maintenance, water, wastewater collection and treatment, port and harbor, airport terminal, library, planning and general administration.

The Manager's office is responsible for supervision of all City Departments and enforcement of City Ordinances and the implementation of policies and directives provided by the Homer City Council. Monthly status reports are provided to Council concerning operations.

The FY 2013 budget reflects a real team effort on the part of all City of Homer staff to provide the highest possible level of services within the constraints of our revenue sources. Significant consideration was given to balance short-term needs with long-term goals.

GENERAL FUND - PERSONNEL

It is the mission of the Personnel Department to provide the following quality services to the employees of the City of Homer.

- Recruitment of qualified individuals
- > Retention of valuable employees
- Training, development and education to promote individual success and increase overall value to the organization
- Provide and promote a safe and healthful working environment
- ➤ Inspire and encourage a high level of employee morale through recognition, effective communication and delivering constant feedback
- Provide resources for administering benefits, policies and procedures

These services are achieved via a teamwork philosophy that is inspired through effective organizational skills, proactive efforts, and maintaining a balance between professionalism and the ability to have fun!

FY2014 Objectives: Continue to research and develop benefits and incentives for recruiting and retaining city employees. Continue to research and provide the most cost effective employee benefit programs including city wide trainings. Utilize an applicant tracking web host to increase efficiency and confidentiality of recruitment. Assist the Community Recreation Program with strategic planning for sustainability.

^{5231 -} Additional file cabinets due to updated record retention requirements.

^{5210 -} Arbitration, employee anniversary, retirement expense.

⁵⁶⁰³ - City Wide trainings, labor posters, and SHRM National and State Conference.

^{5233 -} Applicant Pro Hosted Site for recruitment

^{5227 -} Consolidating Advertising for recruitment

GENERAL FUND - ECONOMIC DEVELOPMENT

Goal: To provide funds for economic development initiatives and other tasks assigned to the Community and Economic Development Coordinator.

FY 2014 Objectives:

- 1. Provide support for the City of Homer Economic Development Commission and other advisory bodies staffed by the Community and Economic Development Coordinator.
- 2. Assist the Homer Chamber of Commerce with its generic marketing efforts.
- 3. Compile information and produce the City of Homer Capital Improvement Plan, Legislative Requests, and Annual Report.
- 4. Prepare grant applications as requested by City Manager.
- 5. Collaborate with other groups on economic development and sustainability projects and events.
- 6. Provide training for Community and Economic Development Coordinator (e.g. participation in national or regional conferences).
- 7. Provide travel to the state capital to advocate for City's priorities.
- 8. Provide Some Project Management Assistance
- 9. Public Education and Information Officer for Natural Gas Homer Special Assessment District.

FY 2014:

5210: Council Action - An additional \$10,000 is allocated to Homer Chamber of Commerce

5215: Communications: I propose an increase of \$160 for this item (currently 0). The \$160 would be spent on stock photos for use in City of Homer publications and the website. This ensures we are not pirating any images.

 $\textbf{5227:} \ Council\ Action-\$10,\!000\ advertising\ for\ marine\ trades\ and\ other\ Homer\ business\ sectors.$

5233: Adobe Creative Suite - subscription for this software \$70/ per month **5235**: from \$1000 to \$0.

GENERAL FUND – INFORMATION TECHNOLOGY

The Narrative:

Information Technology provides efficient administrative support to all City departments for hardware, software, telecommunications, and data networking needs assessments, purchases, implementations and support. Information Technology administers the City servers, databases and networks that support all aspects of city operations. Information Technology also implements and maintains the City Voice over IP phone systems.

FY 2014 Objectives:

- ➤ Workstation Refresh Continue with the workstation refresh plan begun in FY2013. Again the oldest 20% of the City workstations will be replaced.
- ➤ **Desk Phone Refresh** Continue with the VOIP telephone replacements. Again concentrate on replacing the older handsets that are have been declared end of line by the vendor and are no longer receiving updates. Also work to improve the City dialplan to systematically enforce least cost call routing.
- > Server Virtualization and Consolidation Replace the aging City server farm with a modern Hypervisor, Enterprise grade storage, and backup system
- ➤ **Server and Client Security and Automation** Replace the City's antimalware suite with a Microsoft solution that will perform better and enable IT with stronger security and automation tools that will be less of an impact on user's daily activities and processes.
- ➤ Public Safety Wireless Metropolitan Network Improvements Build out a new public safety wireless network to enhance and replace the existing connections. This network currently supports security camera's in various City facilities. The new network will support additional fixed connections from security cameras and mobile connections from vehicles in the future.

GENERAL FUND – COMMUNITY RECREATION

Homer Community Recreation promotes community involvement in and life-long learning through, educational and recreational opportunities for people of all ages. This is accomplished through maximizing usage of all community facilities, fields, parks and resources, while utilizing, expanding and uniting local businesses, city and school resources. The program is designed to enhance quality of life through participation in programs which will reduce stress, provide for socialization, mental and physical well-being.

FY 2014 Objectives:

- Offer educational, recreational and leisure opportunities for Homer in a safe, cost effective manner.
- Seek alternate revenue sources such as advertisements, sponsorships, grants and donations.
- Utilize the HERC building in partnership with other recreational partners.
- Provide volunteer opportunities for community members who would like to support the Community Recreation program.
- Collaborate with Parks by coordinating, promoting and improving, existing parks, trails, user group agreements and other related activities and projects.
- Coordinate, promote and partner with local organizations to offer recreational activities such as running races and youth camps during the summer months.
- Renew agreement with KPBSD for facility use agreement to include using the artificial turf (pending construction) for Community Recreation programs.
- Seek alternate locations for programs when school facilities are unavailable.
- Implement a volunteer recognition program.

GENERAL FUND – FINANCE

The MISSION STATEMENT

The finance department is a service department; it serves the City's central administration, various departments, the citizens, the employees, its vendors, and agencies outside of the City. The Department is committed to providing quality customer services and accurate financial information; complying with Federal, State, local, as well as other regulatory mandates; partnering with other city's departments to leverage resources that are essential toward achieving the City's objectives.

GENERAL RESPONSIBILITIES

The Finance Department is responsible for the City's all financial functions that include financial controls and compliance, accounting and financial reporting in accordance with Generally Accepted Accounting Principles of government and various state and local government administrative codes. The department is also responsible for the procurement & payment of citywide obligations, investing & cash flow, and risk management.

The finance department conducts it daily business in the following areas:

- General Accounting & Reporting
- ➤ Billing (Water & Sewer, Port & Harbor, & Ambulance, etc.) & Accounts Receivable
- Accounts Payable
- Payroll
- Grant Reporting and Management
- Customer Services
- > Treasury Management
- Budget Process

There are a few cuts (line item 5208, 5211, 5614) comparing with 2013 budget. There are increases on professional membership dues (5235), transportation (5236), and employee training (5603).

GENERAL FUND – PLANNING & ZONING

Planning & Zoning interprets and administers Title 21 (Zoning Code) and Title 22 (Subdivision Regulation) of the Homer City Code; administers the Homer Wetland General Permit process; and the Bridge Creek Watershed.

Planning & Zoning implements and/or coordinates city-wide planning and zoning functions that range from proposing changes in City Code, processing Adopted plats to updating the City's comprehensive plan; development and implementation of short and long range landuse planning strategies; revising the City of Homer's Zoning Code; and, provides staff support to the Homer Advisory Planning Commission and the Parks and Recreation Advisory Commission. The City Planner is also a member of the Lease Committee, provides support to the Economic Development Advisory Commission, and attends and participates in other Committees and commissions.

Additionally, Planning & Zoning provides routine services to citizens, developers, outside agencies and city departments that include explanation of zoning code, assistance with zoning applications, code enforcement/education and map making.

Projects for FY13 include implementation of the Spit Comprehensive Plan and continuing to forward changes to title 21 such as map amendments, text changes supporting the recently amended comprehensive plan.

Travel expenditures include National APA conference for the City Planner, one in and one out of state training for staff, plus Planning Commissioner training.

 $5210\mbox{ - Implementing Technical changes to code requirements of Comp Plan.$

GENERAL FUND – LIBRARY

The Homer Public Library supports the information needs of the community by providing access to quality resources in a welcoming atmosphere by a knowledgeable and caring staff.

We serve as a place for children to discover the joy of reading and the value of life-long learning. We promote literacy, learning and enrichment for people of all ages, thereby enhancing the economic, social and cultural vitality of our community.

FY 2014 OBJECTIVES:

The main objective of the library staff in 2014 will be to meet patron needs by continuing to improve services in the following areas:

- Expanding and updating the library's collection of books, audios, and videos for children, teens and adults, as well as reference resources, fiction and non-fiction in electronic formats.
- 2. Meeting the demand for enhanced children's services and early childhood literacy programs.
- 3. Staff training to keep up with changes in information technology, library best practices, and reassignment of staff duties due to the on-going expansion of digital technology, as well as retirement of a senior staff member.
- 4. Investigating ways to streamline procedures, particularly in ordering and processing of library materials.

FY 2013 Accomplishments (8/2012-7/2013):

- 1. Served 121,363 patrons and circulated 109,397 items.
- 2. Issued 846 new library cards.
- 3. Provided 50,787 Internet access sessions.
- 4. Provided weekly preschool story hour and a baby lap-sit program with over 3,032 children and adults attending.
- 5. 254 children, 49 teens and 44 adults participated in the 10-week Summer Reading Program. 1,634 adults and children attended summer reading activities, events and workshops.
- 6. Recruited, trained and supervised volunteers who generously contributed 936 hours to library operations, programs and services.

- 7. Migrated to a new library management software system that costs less, improves patron access to materials, and gives more flexibility for staff; trained staff and casual workers on the new system.
- 8. Participated in a grant-funded cooperative agreement with Best Beginnings Homer to conduct an early literacy, outreach Story Time for 12 weeks at McNeil Canyon and Razdolna School.
- 9. Obtained a grant from the Rasmuson Foundation for \$18,852 to purchase books and materials for the library.
- 10. Started a new collection of music CDs.

GENERAL FUND – Library State Grants

To account for the grant provided by the State for senior employment Senior Grant moved to the Senior Center in 2001.

This is the budget for a number of items which are not attributable to any specific department, but provide City wide support services. This budget includes expenditures for the maintenance and operation of City Hall, including telephones, postage, copy machines and website maintenance services. The General Fund is reimbursed for a portion of these expenditures from the Water, Sewer, and Port and Harbor enterprise funds.

This budget includes contributions to Non-Profit organizations. Each year the City receives requests from many non-profit organizations. The City Council has an account with the Homer Foundation to administer gifts to the Non-Profits.

FIRE ADMINISTRATION (100-0150)

Fire Administration funds those essential fire department functions not directly attributable to either Fire Services or Emergency Medical Services and that provide substantial benefit to the entire department including paid staff, members and facilities.

FY 2014 OBJECTIVES:

- Continue to provide necessary recruit training to new volunteers.
- Provide adequate volunteer incentives and staff support to retain trained members.

FY 2013 Accomplishments:

- Maintained emergency service programs through continued recruitment and retention of members.
- Provide adequate volunteer incentives and staff support to retain trained members.

FIRE SERVICES (100-0151)

The Fire Services budget covers the costs associated with providing fire suppression activities (including structures, wildlands, marine, and aircraft) and technical rescue (including: Vehicle Disentanglement, Ice Rescue, and Confined Space Rescue) and the training for each of these activities.

FY 2014 OBJECTIVES:

- Continue recruiting and training additional firefighters.
- Provide training opportunities to staff and volunteers to enhance their ability to provide services to the community.

FY 2013 Accomplishments:

- ➤ Conducted Firefighter I Course and Hazmat Operations for responders
- Collaborated with KESA to provide School Bus Extrication training to responders.

Emergency Medical Services (100-0152)

To provide for the emergency medical needs of the community through the provision of basic and advanced life support in the pre-hospital setting and for the safe and efficient transportation of the sick and injured to South Peninsula Hospital.

FY 2014 OBJECTIVES:

- Provide training opportunities to EMS members to enhance patient care practices and procedures.
- ➤ Provide EMT-2 Course to eligible members.

FY 2013 Accomplishments:

- Conducted an EMT-1 Recruit Class for new members.
- Provided continuing medical education courses to providers.

Council Action: to fund the two Part-time EMT positions requested

POLICE ADMINISTRATION (100-0160)

The function of the Department of Public Safety is to preserve order, enforce laws and ordinances in the city, preserve the peace, render medical aid to victims and help prevent and extinguish fires. The Department of Public Safety is divided into the police department and fire department. The Chief of Police and Fire Chief directs and supervises the activities of these departments.

The police department consists of administration, patrol, investigations, jail, and dispatch services. The police department has a staff of 12 certified officers. The police officers are responsible for patrol, investigations, traffic enforcement and general duty police work within the City of Homer.

POLICE DISPATCH (100-0161)

The police department dispatch personnel are responsible for dispatching police, fire and EMS calls for both routine and emergency calls for citizens that reside in the Homer city limits, as well as some of the outlying areas. The unit staffs 8 full time public safety dispatchers (including the newly funded position for FY 2014). The dispatch personnel are additionally responsible for all clerical duties associated with the police department and are required to act as jail guards monitoring prisoners in the Homer Jail.

POLICE INVESTIGATION (100-0162)

Responds to all major crime scenes; Responsible for the investigation, apprehension and prosecution of individuals involved in felony and serious misdemeanor crimes; Conducts investigation training for all department personnel; Maintains a high level of expertise in investigations by attending training, practicing skills and keeping abreast of technological developments related to the field.

POLICE PATROL (100-0163)

Police officers patrol the City of Homer to preserve the peace, prevent criminal operations and enforce state and local laws. Officers respond to assignments and complaints often involving substance abuse, domestic disputes, fires, automobile accidents, misdemeanor and felony crimes. Officers investigate complaints from the public and take appropriate enforcement action or refer to other agencies as required. Officers prepare evidence to substantiate criminal complaints, prepare and submit detailed written reports, serve criminal processes, including warrants, and testify in court as required.

JAIL (100-0164)

The Homer Jail, operated by the police department, is a city owned facility contracted with the State of Alaska to house prisoners arrested by the Homer Police, the Alaska State Troopers and other allied agencies. This facility consists of four cells with two bunks in three of these cells and one bunk in the fourth cell. The prisoners held in this facility may serve up to ten days of their sentence. The Homer Jail is staffed by four full time community jail officers and two part time community jail officers who are responsible for the health and welfare of the prisoners as well as record keeping and court proceedings associated with these prisoners.

ANIMAL CONTROL (100-0165)

The Homer Animal Shelter is administered by the Homer Police Department. The shelter is staffed and maintained by a private contractor, Coastal Animal Care. They are responsible for the care and welfare of animals.

The unit staffs **8 full time public safety dispatchers** (including the newly funded position). The dispatch personnel are additionally responsible for all clerical duties associated with the police department and are required to act as jail guards monitoring prisoners in the Homer Jail.

5101 - 5105 - Due to 2010 Budget Cuts, One Dispatch Position has not been funded since 2011. The Council Action to fund the position for FY 2014.

Police officers patrol the City of Homer to preserve the peace, prevent criminal operations and enforce state and local laws. Officers respond to assignments and complaints often involving substance abuse, domestic disputes, fires, automobile accidents, misdemeanor and felony crimes. Officers investigate complaints from the public and take appropriate enforcement action or refer to other agencies as required. Officers prepare evidence to substantiate criminal complaints, prepare and submit detailed written reports, serve criminal processes, including warrants, and testify in court as required.

The Homer Jail, operated by the police department, is a city owned facility contracted with the State of Alaska to house prisoners arrested by the Homer Police, the Alaska State Troopers and other allied agencies. This facility consists of four cells with two bunks in three of these cells and one bunk in the fourth cell. The prisoners held in this facility may serve up to ten days of their sentence. The Homer Jail is staffed by two full time community jail officers and four part time community jail officers who are responsible for the health and welfare of the prisoners as well as record keeping and court proceedings associated with these prisoners.

"WHERE THE LAND ENDS AND THE SEA BEGINS"

PUBLIC WORKS: ADMINISTRATION (0170)

Provides technical, clerical and administrative support for all Public Works Divisions as well as support needed for other departments within the City.

Responsibilities within the Public Works Department include supervision and administration of the maintenance of road, drainage, parks and cemetery maintenance, mechanical support for all City owned vehicles & equipment, technical engineering, inspection and required permitting functions, campground management, and general facility maintenance of all City owned buildings,

PUBLIC WORKS GENERAL MAINTENANCE (0171)

Provides maintenance of City owned buildings and facilities at an acceptable level, including the supervision of janitorial services, snow plowing and sanding, and refuse disposal.

This fund is expected to cover the costs associated with all routine maintenance requirements of the Homer Education & Recreation Center, Police Department, Airport Terminal, Animal Shelter, Fire Hall, Library, City Hall and Public Works, and the nine public restrooms - heaters/boilers, electrical, plumbing, & minor structural repairs.

This fund covers shipping of used fluorescent bulbs for disposal, safety gear & HAZWAP certification training, annual hearing tests and the required drug/alcohol testing are also included. This includes the required medical services including the HEP inoculations series.

PUBLIC WORKS GRAVEL ROADS (0172)

Provides for the maintenance of the urban and rural gravel roads within the City limits. This includes grading, dust control, signage, drainage ditch/culvert maintenance, and park/ballpark access. Costs associated with this unit include purchase of gravel, geo-textile fabric, geo-grid, culverts, dust control chemicals and any necessary equipment rental.

PUBLIC WORKS PAVED STREETS (0173)

Provides for the maintenance of paved roads within the City limits, including pavement, curb/gutter and sidewalk repair & sweeping, signage, striping, asphalt crack sealing, and storm drain piing/ditch maintenance; and electrical costs for the streetlights.

PUBLIC WORKS SNOW REMOVAL (0174)

Provides for snow removal & winter maintenance on all the roads within the City limits; costs associated with this service include the purchase of sand, calcium chloride and urea, snow dumpsite maintenance, dump truck rental for snow hauling and advertising / public notices.

PUBLIC WORKS PARKS & RECREATION (0175)

Provides for the maintenance and the enhancement of the beauty and functionality of the parks, City property, trails and camping areas within the City of Homer. Provides for the maintenance of nine public restrooms, maintenance of City Park facilities and the collection of campground fees. Administers the Homer Beautification Project, provides staff support for the Parks and Recreation Committee, and coordinating efforts with the Community Schools, Trails/Parks subcommittees and various community organizations.

Costs associated include parks and trails (18 areas from the top of Baycrest Hill to the end of the Spit) clean-up/repair, lawn mowing contract, garden & greenhouse supplies, dust control (camping areas), minor park improvements, playground equipment maintenance, fence maintenance and restroom operational maintenance.

PUBLIC WORKS MOTOR POOL (0176)

Provides services for the repair and maintenance of all City owned vehicles & equipment. Mechanical services for light duty and heavy construction equipment; including all Public Works construction and maintenance equipment and vehicles, Port and Harbor vehicles, Police Department vehicles, and Fire Department equipment.

PUBLIC WORKS ENGINEERING/INSPECTION (0177)

Provides engineering reviews and inspection of work being completed within street rights-of-way, including the coordination of utility construction; also provides comments on proposed land partitions and building site plans.

Plans, reviews and approves the design and construction of all City Capital projects. Prepare requests for professional services, plans, reviews, and coordinates design; and procures bids for construction; including design contract management/construction management.

Issues all street right-of-way permits, water and sewer service connection permits, permits for driveway and private utility installations, inspect all street, water, sewer, and drainage improvement construction.

Provides the drawings for new projects; computer modeling for the water and sewer system, produces GIS mapping of City infrastructure.

PUBLIC WORKS JANITORIAL (0178)

Provides janitorial services for all City buildings; expenditures reflect the cost of supplies & equipment needed to accomplish routine cleaning of the City offices.

^{5286 -} Reduced maintenance based on building shutdown

^{5603 -} Increased certification requirements - gas fired boilers

^{5210 -} No need for fuel tank inspections this year

^{5203 -} Savings due to conversion to natural gas at Public Works.

SPECIAL REVENUE FUNDS

A **Special Revenue Fund** is established to finance particular activities and is created out of receipts of specific taxes or other designated revenues. Such funds are authorized by statutory provisions to pay for certain activities with some form of continuing revenue.

Utility Fund

- ➤ **WATER & SEWER:** This fund accounts for operations of the water and sewer system. User charges (water and sewer bills) are designed to recover cost of operation and maintenance of the system, exclusive of depreciation and major capital improvements.
- ➤ HAWSP (Homer Accelerated Water/Sewer Projects): This Fund collects 3/4 of 1% of Sales Tax Receipts received by the City of Homer. New infrastructure is completed through this fund. LID's (Local Improvement District's) are set up when appropriate where the customer is responsible for a portion of the cost to have water/sewer lines extended on their behalf. A loan is taken out through Alaska Clean Water/Drinking Water through the ADEC. Low interest rates are obtained and the same rates and payment periods are passed onto our customers.
- ➤ WATER & SEWER DEPRECIATION RESERVES: This Fund is used to put resources aside for the replacement and repair of fixed assets. Two separate accounts are maintained for depreciation reserves for the Utility Fund, one is for Water Infrastructure and one is for Sewer Infrastructure. Transfers are made annually through the budget process.
- ➤ WATER & SEWER PROJECTS: This Fund is used as a pass-through fund. All projects that are Water / Sewer related that any kind of funding is to be received for have to be maintained separately for accounting purposes. This account allows for segregation of projects for reporting purposes. Designated internal sources for these projects could be either from HAWSP or Depreciation Reserves.

Narratives:

- Water Fund Administration (200-0400): Provides professional, managerial, technical, supervisory and administrative resources necessary to support the operation and maintenance of the City's water system. This includes the support for the water source, treatment plant, storage tanks, pressure reducing stations, booster pumps, and transmission and distribution pipelines. Maintain the system to provide for reliable fire suppression, residential, commercial, industrial, bulk water usage, and complete all testing required to ensure the drinking water for City residents meets or exceeds all state and federal requirements. Expenditures reflect costs for producing the EPA mandated water quality report annually.
- Water Fund Water Treatment Plant Operation (200-0401): Provides for the operation and maintenance of the water treatment plant. The plant is rated at 2 million gallons per day, utilizing automated controls to the highest level possible. Treatment requires the use of chemicals including chlorine, alum caustic soda, soda ash and a corrosion inhibitor. Fluctuating water source quality demands the constant attention of plant operators.
- Water Fund Water Treatment Plant Testing (200-0402): All water testing is completed by certified personnel per ADEC and EPA requirements. This testing assures water system users that the water meets the applicable state and federal drinking water standards. Most daily/weekly testing is completed in City laboratory. Testing equipment maintenance, special services calibration of testing equipment and testing/analysis costs in support of the water system are reflected here.
- Water Fund Water Pump Station (200-0403): Provides for operation and maintenance of the two pumping stations on the water system, the raw water pump station at the Bridge Creek Reservoir and the Spit fire pump station. Electricity for normal operations and fuel for the raw water pump back-up generator and the diesel fired fire pump as well as associated supplies are reflected here.
- Water Fund Water Distribution System (200-0404): Provides for operation and maintenance of the piped water distribution system. The activities include annual hydrant flushing, water distribution system wide flushing of all water mains, 1500 customer water services and 369 fire hydrants and maintenance of 24 pressure reducing stations. This account also provides for the repair of mains and services, exercising 615 main line gate valves, 4 potable water flushing stations, air release valves, testing of cross-connection control devices valves, over 47 miles of distribution

mains, and monitoring of flows and pressures. Provides for the cost of maintain all equipment/vehicles necessary for sewer system maintenance and operations. Water distribution maintenance personnel are state certified.

- Water Fund Water Reservoir (200-0405): Provide adequate funding to operate and maintain the Bridge Creek Reservoir. This includes the reservoir proper, the dam, the inlet and outlet facilities and telemetry components. Special services include safety inspections, diver contracts, watershed and land surveys and permit fees. DNR requires that we keep the bush and vegetation cleared away from the reservoir and off of the dam surface.
- Water Fund Water Meters (200-0406): Provides for the operation and maintenance of the water meters on the distribution system - includes bulk water sales, connects and disconnects, delinquent notices, shut-off notices, customer service support and seasonal meter sales. Coordinates testing of commercial/industrial cross connections control devices.
- Water Fund Water Hydrants (200-0407): Provides for the operation and maintenance of 375 fire hydrants on the water distribution system at an acceptable level as required for ISO level (insurance rating standards). Includes the cost of steaming hydrants during winter, exercising hydrant valves, snow removal around hydrants and flow testing. Costs associated with the installation of hydrants under the hydrant replacement program are also reflected in this account.
- **Sewer Fund Administration (200-0500):** Provides the professional, managerial, technical, supervisory and administrative resources necessary to support the operation and maintenance of the City's sanitary sewer system. This includes the sewer collection facilities, lift stations, and wastewater treatment plant. The system serves an increasing number of Homer and Kachemak City residents utilizing, to the extent possible, economical gravity sewer mains; but force mains and lift stations are required due to the topography of the service area.
- **Sewer Fund Sewer Plant Operations (200-0501):** The wastewater treatment plant is automated to the extent possible; however, the treatment processes require continuous monitoring. The treatment process consists of screening and solids removal (primary and secondary treatment); digestor/sludge lagoon discharge, and ultra-violet disinfection. All treatment plant operators are state certified and costs associated with training and certifications are reflected here.
- **Sewer Fund Sewer Testing (200-0502):** Provides for the cost of completing required sewer treatment processes testing at the City's wastewater treatment plant to meet the NPDES discharge requirements and protect Kachemak Bay, including

process compliance monitoring, sludge and bio-solids testing and quality assurance. All sewer plant testing is completed by certified personnel per ADEC and EPA requirements. This testing assures that sewer treatment meets state and Federal standards and the NPDES discharge requirements.

- **Sewer Fund Sewer Pumps/Lift Station (200-0503):** Provides for the operation and maintenance of the twelve lift stations on the sewer collection system. This includes wet well wash down, routine pumping system operation monitoring and repair as necessary. Flow conditions at lift stations are monitored utilizing land line telemetry whenever possible reducing the need for site visits and to allow for timely remote determination of any problems before sewer service is lost. All sewer lift station maintenance personnel are state certified.
- **Sewer Fund Sewer Collection System (200-0504):** Provide for the operation and maintenance of the sewer collection system (56 miles of 8" 24" sewer main). Work includes repair of broken lines, periodic flushing to remove suspended solids, 824 manholes are inspected and grouted to minimize infiltration and flows are monitored to identify inflow. Pressure force mains are pigged to eliminate plugging and insure reliable operation. Provides for the cost of maintain all equipment/vehicles necessary for water system maintenance and operations. All sewer collection system maintenance personnel are state certified.

ENTERPRISE FUNDS

Enterprise Funds are established to account for the financing of self-supporting activities of governmental units, which render services to the general government itself or the general public on a user charge basis. Enterprise Funds are maintained on the accrual basis of accounting. Expenses are controlled through budgetary accounting procedures similar to the governmental fund.

PORT & HARBOR FUND

The following Funds are a component of the Port & Harbor Fund:

- **PORT & HARBOR:** This fund accounts for operations of the port and harbor. User charges are designed to recover cost of operation and maintenance of the system.
- ➤ **PORT & HARBOR DEPRECIATION RESERVES:** This Fund is used to put resources aside for the replacement and repair of fixed assets. Transfers are made annually through the budget process.
- ➤ **PORT & HARBOR PROJECTS:** This Fund is used as a pass-through fund. All projects that are Port & Harbor related and have any kind of funding, are required to be maintained separately for accounting purposes. This account allows for segregation of projects for reporting purposes. Additionally, if a major project is being completed, it will be completed through this fund in order to segregate related costs.
- ➤ **PORT & HARBOR CRUISE SHIP TAX:** For each passenger on a cruise ship that lands in the Homer Spit, a tax is collected through the Kenai Peninsula Borough. The Borough just recently decided to share this with the City of Homer, with the stipulations that these funds are to be used only for directly related expenses related to the cruise ships. A reserve account was set up to maintain segregation of these funds.

NARRATIVES:

PORT & HARBOR – Administration (400-0600): Port and Harbor Department is an Enterprise Fund activity that manages, maintains and operates the Homer Small Boat Harbor, commercial Fish Dock, Ice Production Plant, Fish Grinding Facility, Pioneer (Ferry) Dock, Deep Water Dock, and Uplands areas for storage, parking, and land leases. The Small Boat Harbor consists of 920 reserved boat slips, 6,000+ linear feet of transient boat moorage, wood grid and steel grid for vessel repairs, barge ramp, and five lanes of load and launch ramps. The Fish Dock has 383 feet of vessel mooring face alongside, and 8 electric-hydraulic cranes. The Ice Plant is capable of making 4 tons of ice per hour, can store up to 180 tons, and delivers ice to vessels at Fish Dock by both augured and pneumatic means. The Pioneer (Ferry) Dock has preferential berthing for USCG Buoy Tender Hickory and State of Alaska Ferries. The Deep Water Dock berths floating processors and other medium size vessels on its inside berth and ships to 800' LOA, 65,000 displacement tons on its 345 foot face.

<u>Mission Statement</u>: The mission of the Port and Harbor Department is to provide safe port and harbor facilities for our commercial clients, recreational users, and the general public, to manage and maintain these facilities cost effectively and to administer our Tariff and procedures fairly and equitably for all users.

THE HARBOR (400-0601): The Harbor 601 is the "operations division" of Port and Harbor Department, actively managing and operating our Port and Harbor Facilities. Harbor Officers provide 24-hours, 365 days security and patrolling of Port and Harbor facilities and are first responders in case of fire, medical or other emergency situations such as vessels taking on water. Harbor Officers report new vessel arrivals for moorage billings; inspect facilities for safety and service problems; and initiate work requests for needed repairs. Harbor Officers monitor transient moorage, reserved slip moorage, Fish Dock, wood and steel grid schedules, Pioneer Dock and Deep Water Dock on a regular basis. All high displacement vessel arrivals and departures are observed and any associated damage to our facilities is reported. Frequent towage services for vessels that lost power or to shift vessels from mooring space to other moorings are performed by Harbor Officers using skiffs or the harbor tug. Vessel inventory is performed nightly of all vessels in the Small Boat Harbor and on our docks and repair grids to enable moorage charges and service charges to be billed out by Administrative staff. Harbor Officers receive training in CPR, First Aid, Automatic External Defibrillator use, Emergency Trauma Training (ETT), hazardous materials handling, marine firefighting, port security and USCG licensing.

PIONEER DOCK (400-0602): The Pioneer Dock berths the Coast Guard Buoy Tender Hickory, the Alaska Marine Highway System Ferries, and occasional tugs and barges. Fuel barges land here to pump petroleum products through pipelines to Petro Marine Services shore tanks. Objectives include marketing the Pioneer Dock to medium size cruise ships enabling passengers to access locally provided tours and sales goods. Numerous USCG mandated security improvements, training, exercises and drills have been conducted at the Pioneer Dock. Demolition of the old Main Dock has been identified as a future capital project.

FISH DOCK (400-0603): The Fish Dock cost center includes the dock, the cranes, the Ice Plant, and cold storage facility. The Fish Dock has 383 feet of dock face for mooring fishing vessels, 8

electric-hydraulic cranes for unloading, cold storage cubicles for rent in the Ice Plant. The Ice Plant makes 4 tons of ice per hour, stores up to 180 tons, and can deliver flake ice to fishing vessels at Fish Dock via augured and pneumatic delivery systems. The revenues on the Fish Dock derive from wharfage charges, crane rental, ice sales, cold storage rental, etc.

DEEP WATER DOCK (400-0604): The Deep Water Dock provides 345 feet of dock face for berthing vessels plus 2 mooring dolphins and one mooring buoy off the south end, and one mooring dolphin and one mooring buoy off the north end of the dock. Larger vessels can berth at the DWD by securing mooring lines to the available mooring dolphins and buoys. The "inside berth" of 210' provides additional moorage space.

OUTFALL LINE (400-0605): The outfall line was constructed in 1990 to meet Environmental Protection Agency (EPA) standards for fish waste discharge. Discharges are regulated under NPDES general permit AK-G52-000. This cost function was created to track expenses associated with the outfall line and associated lift/pump station. These costs include scheduled preventive maintenance, repairs, and maintaining a spare parts inventory. Associated utility costs are included in the Fish Dock expenses.

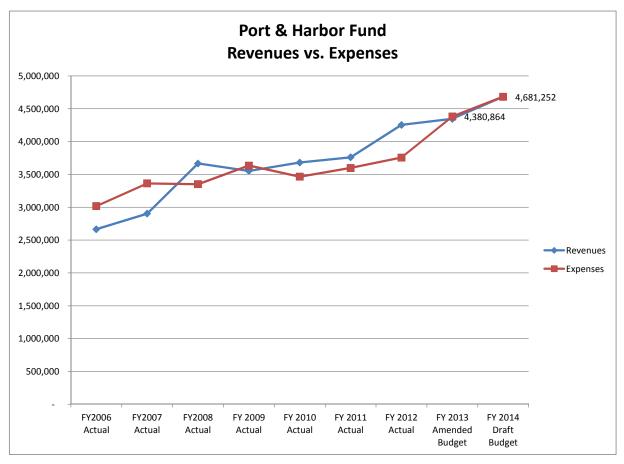

FISH GRINDER (400-0606): The Fish Grinder was constructed in 2000 using Alaska Department of Fish and Game grant funding. It is owned and operated by the City of Homer under ADF&G/City of Homer Cooperative Agreement #COOP-00-035. This cost function was created to track expenses associated with the fish grinder operation per ADFG grant requirements.

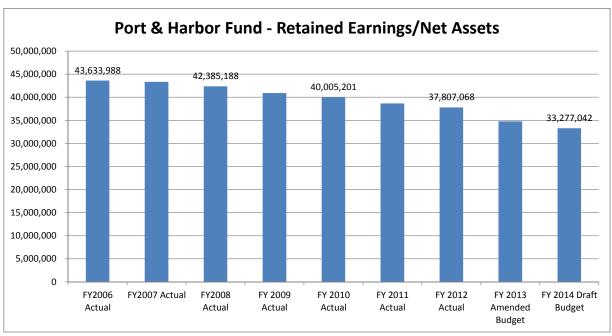

ADMINISTRATION MAINTENANCE (400-0610): This represents expenses associated with the administration of the Public Works Maintenance of Port and Harbor facilities by the Public Works Director, Public Works Superintendent and the Port Maintenance Lead Technician.

HARBOR MAINTENANCE (400-0611): This Unit represents the labor and operation expenses associated with maintenance of the harbor facilities, including all floats systems, ramps and transient moorages, and wood & steel grids. This includes operating supplies, heating fuel, fuel for vehicles vehicle, boat and equipment maintenance, building and grounds maintenance, used oil collection /disposal, utilities and float/ramp repair.

PIONEER DOCK MAINTENANCE (400-0612): This account is used to track expenses associated with the maintenance of the Pioneer Dock separate from the Pioneer Dock operating costs.

DEEP WATER DOCK MAINTENANCE (400-0614): The purpose of this account is to track the maintenance costs separate from operating costs. Electricity, water service, dock maintenance and repairs are reflected here for the Deep Water Dock.

"WHERE THE LAND ENDS AND THE SEA BEGINS"

CAPITAL PROJECT FUNDS

<u>Capital Project Funds</u> are established to account for the financial resources, which are limited to expenditures for capital outlays, expended to acquire or construct major capital assets of a relative permanent nature. Such financial resources include grants, contributions, bond proceeds, and operating transfers from other funds.

<u>Capital Project Funds</u> provide a formal mechanism to ensure that revenues dedicated to certain project are used only for that project and enable the City administration to report to grantors of [Capital Project Fund] revenue that their requirements regarding the use of the revenue are fully satisfied.

The City of Homer uses two major types of Capital Project Funds:

- > Depreciation Reserves
- Project Reserves

Depreciation Reserves include:

- General Fund Depreciation Reserves (156)
- Fleet Depreciation Reserves (152)
- Utility (Water & Sewer) Depreciation Reserves (256)
- Port & Harbor Depreciation Reserves (456 & 452)

Project Reserves Include:

- General Fund Capital Project Reserves (151)
- General Non Capital Project Reserves (157)
- HAWSP (Homer Accelerated Water & Sewer Projects) (205)
- Water & Sewer Projects (215)
- Port & Harbor Projects (415)
- Other (Special) Reserves
 - ✓ Land (150)
 - ✓ HART(Homer Accelerated Roads & Trails) Roads (160)
 - ✓ HART(Homer Accelerated Roads & Trails) Trails (165)
 - ✓ Port Cruise Ship Tax (460)
 - ✓ Ocean Dr. Loop Special Service Dist. (808)

Notes:

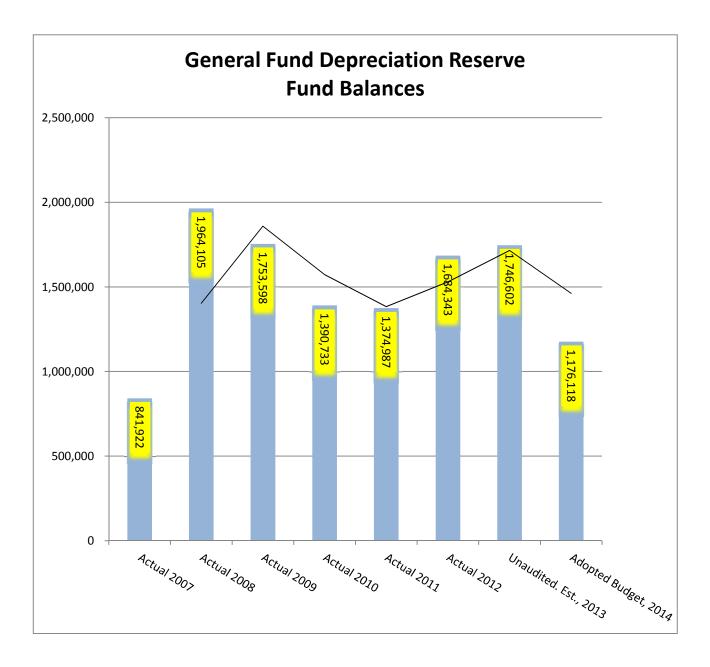

- 1. **General Fund Capital Project Reserves** (151) are either funded in full or in part by grants or loaning agencies.
- 2. **General Non-Capital Project Reserves** (157) are to account for projects that are funded either in full or in part by grants or loaning agencies. These are usually small in dollar amount.
- 3. **HART** (Homer Accelerated Roads & Trails) ROADS) and **HAWSP** (Homer Accelerated Water & Sewer Projects) share **one third** (50/50) of the total Sales Tax Receipts received by the City (the **two thirds** go to General Fund). New roads, new trails, and refurbishing existing ones are funded through this HART fund. New Water & Sewer infrastructures are funded through HAWSP.
- 4. **Port & Harbor Depreciation Reserves** (456 & 452) Fund 456 includes the depreciation reserves and the **Harbor Bond Reserve**. Fund 452 is established to account for the Port & Harbor Enterprise Fund's fleet reserves.

Level of Need: Urgent	Essential	x Necessary	Desirable		
Request for Additional Personnel Position Title Youth Services I Salary Range & Step Full-time x Part-time Hours Per Year		Request Other Than Description Fund Name:	Personnel:		
(FINANCE DEPT WILL COMPLETE 5101 Permanent Employees 5102 Fringe Benefits 5103 P/T Employees 5104 Fringe Benefits P/T 5105 Overtime Total Personnel Cost	\$14,669 \$12,119 \$26,788	Account Name: Account # Estimated Cost:			
Justification: Our Youth Services Librarian position is currently funded to be part-time at 28 hours/week. However, the demand for youth services is growing and can no longer be met at this level. In 2011 over 2,622 children and parents attended early learning story times at the Library; in 2012 attendance increased to 2,883; and with attendance in the first seven months of 2013 at 1,916, a 2013 total of 3,000 or more is anticipated. An additional 278 parents and children attended a grant-funded outreach "traveling storytime" from January to April 2013. To accomodate the large groups attending these story times not infrequently, 40 to 60 people an additional session or two each week is needed. However, our current Youth Services Librarian does not have enough hours in her week to add any more sessions or outreach activities, along with her other duties. Best Beginnings Homer has identified funding for a full-time children's librarian as a top priority for Language and Literacy development in the community. This request would expand the existing part-time position to full time, not create an entirely new position.

Level of Need: Urgent	Essential	X Necessary	Desirable		
Request for Additional Personnel: Position Title Seasonal ESS Salary Range & Step 12- Full-time X Hours Per Year		Request Other Than Description - Fund Name:	Personnel:		
(FINANCE DEPT WILL COMPLETE 5101 Permanent Employees 5102 Fringe Benefits 5103 P/T Employees 5104 Fringe Benefits P/T 5105 Overtime Total Personnel Cost	\$54,088	Account Name: Account # Estimated Cost:			
Justification: This proposal would fund the hire of 2 seasonal full-time Emergency Service Specialist during the busy summer months of June 1 through August 31 (3 months) during which time our regular full-time staff traditionally take family leave time. These seasonal ESS could fill multiple roles within the department: backfill of ESS on leave, additional call coverage during regular shifts (when day-time crews are especially busy) and will be able to accomplish additional duties around the station to ensure prompt response of minimal EMS crews around the clock (when regular full-time ESS are not on leave). Statistically the day-time shift 8 am until 5 pm is the busiest. When any of the paid staff are on leave (or otherwise unavailable), daytime staffing is down to 2 people which delays EMS response (80% of our calls) waiting for a volunteer to respond or could put the crew of 2 at risk if the patient is heavy.

"WHERE THE LAND ENDS AND THE SEA BEGINS"

DEBT SERVICE FUND

This section is for information purposes only; debt is budgeted for in each Fund separately.

The necessity to incur debt in order to finance capital outlay carries with it the obligation to manage debt payments effectively. The level of outstanding debt and the City's ability to incur and repay additional debt require scrutiny. Long term projected financing is linked to economic, demographic and financial resources expected to be available to repay the debt.

General Fund - LIBRARY LOAN: In 2006, a new library was built utilizing a USDA, 4.13% Loan. The proceeds from the sale of the old library went directly to pay down library loans. Currently, \$1,325,451 is outstanding on this loan, with a budgeted payment of \$99,824 in 2014.

Utility Fund - HAWSP (Homer Accelerated Water/Sewer Program) This Fund collects one sixth (16.67%) of the total Sales Tax Receipts received by the City of Homer. New infrastructure is completed through this fund. Loans are taken out through Alaska Clean Water/Drinking Water through the ADEC. Low interest rates (1.5%) are payable in a twenty year period.

Customers, through a "SAD" (Special Assessment District), which charges the customers up to 75% of the costs to run water lines to their property, pay four out of the five loans back [in part].

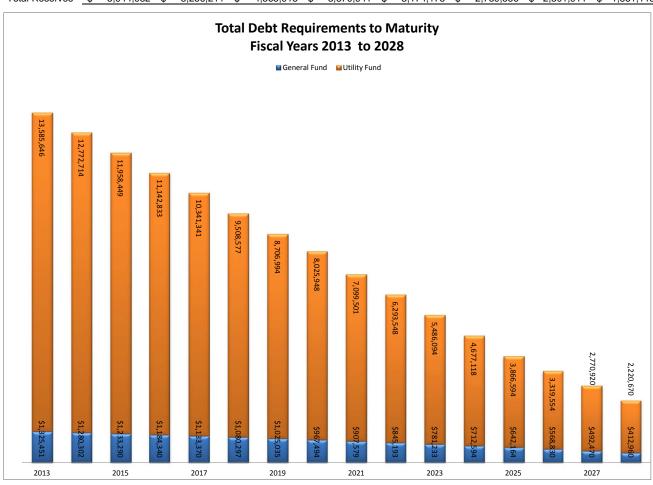

Port & Harbor Fund - Port & Harbor was debt free until late 2013. As part of the Alaska Municipal Bond Bank Series 2013 Two Bonds, Homer Port & Harbor received \$4,203,708.23 in bond proceeds with a face value of \$3,735,000. The bonds sold at a premium. The principle on the loan is only \$3,735,000 with an interest rate that averages around 3 percent. The debt serve account is established. The total budgeted payment is \$288,650.

updated 10/22/13

The Debt Section is provided for information purposes only.

INTERNAL SERVICE FUND

Internal service funds are used to centralize certain services and then allocate the cost of those services within the government. They are used to report any activity that provides goods or services to other funds and departments on a cost-reimbursement basis.

The following are classified Internal Service Fund:

SELF INSURANCE HEALTH FUND: The purpose of this fund is to provide a self-insurance health insurance policy for full time and regular part time employees.

LEAVE CASH OUT BANK: The purpose of this fund is to maintain a balance for when employees retire or cash out their leave.

REVOLVING ENERGY FUND: This fund was created to provide a long term source of funding for energy efficiency projects in City Facilities. Loans are provided for capital projects that improve energy efficiency in City buildings and facilities. The loans are to be repaid using the savings that are achieved.

The City Code 3.10 governs the City's investments.

Basic objectives:

- 1. Principal safety
- 2. Sufficient liquidity to meet cash flow requirements
- 3. Reasonable return

Authorized Investment Instruments (City Code 3.10.040):

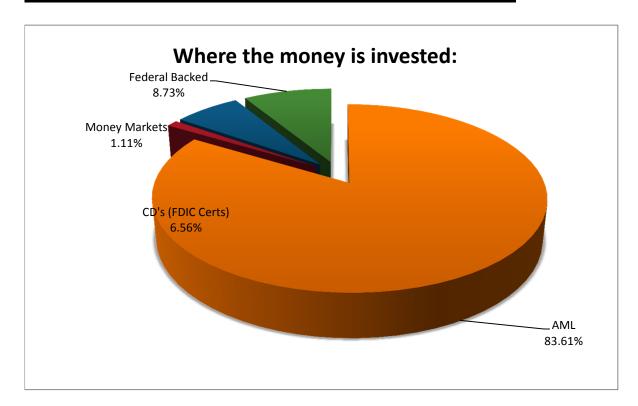

- 1. U.S. Treasures
- 2. Other securities issued by United States Government and its Agencies
- 3. Units of the Alaska Municipal League investment pool
- 4. Certificate of Deposits and other FDIC insured deposits
- 5. Taxable bonds or notes issued by any state or political subdivisions
- 6. Bankers' Acceptances offered by banks
- 7. Money Market Funds
- 8. Long-term investments with Moody Rating A1 and above or S&P Rating AA and above; short-term investments with Moody Rating P-1 or S&P Rating A-1+.

TOTAL		\$ 20,597,501	100%

These investments are made in accordance with the City of Homers investment policy pursuant to Ordinance 93-14, Chapter 3.10. The balances reported are unaudited.

This section is for information only.

The City established a "Permanent Fund" utilizing a distribution from the Exxon Valdez settlements, which became available to the City in 2010 in accordance with City code 3.12.

Up to 95% of such funds are to be placed in the Homer Permanent Fund; the remaining 5% are available to be appropriated by the City Council to the Homer Foundation for grants to other local non-profit organizations for the benefit of the community.

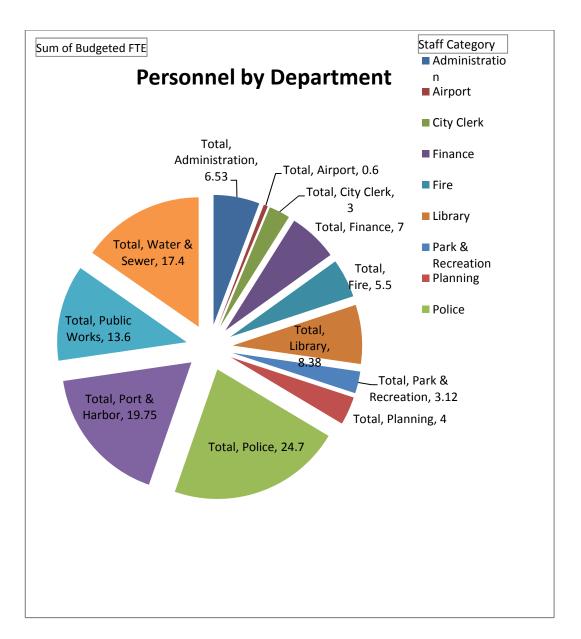

- > Sixty percent (60%) of all funds are allocated to a growth sub-fund
- Forty percent (40%) of all funds are allocated to an income sub-fund.

The income from the Income Sub-fund by Council Action may be appropriated to the General Fund.

The income and capital gains from the Growth Sub-fund shall not be expended. An yearly review and rebalance may be done to transfer funds from the Growth Sub-fund to the Income Sub-fund to maintain the 60/40 ratio. However, no reverse transfer [from Income Fund to Growth Fund] is allowed.

Additionally, the principal of the income sub-fund may be used as a source of loan funds for city capital projects and not a grant.

ACCOUNT DESCRIPTIONS

5907 – C/O Improvements: Capital Outlay

for improvements.

5990 - Transfers: Transfers to another

fund/department.

BUDGET GLOSSARY

ADOPTED BUDGET - Refers to the budget amounts as originally approved by the City of Homer City Council at the beginning of the year, and also to the budget document which consolidates all beginning-of-the-year operating appropriations and new capital project appropriations.

ALLOCATION - A part of a lump-sum appropriation which is designed for expenditure by specific organization units and/or for the special purposes, activities, or objects.

AMENDED BUDGET - Refers to the budget amounts as adjusted by Council approved supplements throughout the year.

AML - Stands for "Alaska Municipal League".

APPROPRIATION - The legal authorization granted by the legislative body of a government which permits officials to incur obligations and make expenditures of governmental resources for specific purposes. Appropriations are usually limited in amounts and time it may be expended.

ASSESSED VALUATION - The valuation set upon all real and personal property in the borough that is used as a basis for levying taxes. Tax-exempt property is excluded from the assessable base.

BOND - A written promise to pay a specified sum of money, called the face value or principal amount, at a specified date in the future, called the maturity date, together with periodic interest at a specified rate.

BUDGET - A plan of financial operation embodying an estimate of proposed expenditures for a given period and the proposed means of financing them. Used without any modifier, the term usually indicates a financial plan for a single fiscal year.

BUDGET DOCUMENT - The official written statement prepared by the City's staff to present a comprehensive financial program to the City Council.

BUDGET MESSAGE - A general discussion of the proposed budget presented in writing by the budget-making authority to the City Council. The budget message contains an explanation of the principal budget items, an outline of the City's experience during the past period and its financial status at the time of the message, and recommendations regarding the financial policy for the coming period.

CAPITAL OUTLAY - Expenditures that result in the acquisition of items such as tools, desks, machinery, and vehicles costing more than \$5,000 each and having a useful-life of more than one year and are not consumed through use are defined as capital items.

COLLATERAL - Assets pledged to secure deposits, investments, or loans.

COMPREHENSIVE ANNUAL **FINANCIAL** REPORT (CAFR) - The official annual report of It includes (a) the five a government. combined financial statements in the combined statement - overview and their related notes and (b) combining statements by fund type and individual fund and account group financial statements prepared in conformity with GAAP and organized into a financial report pyramid. also includes supporting schedules necessary to demonstrate compliance with finance-related legal and contractual provisions. required supplementary information, extensive introductory material, and detailed statistical sections.

BUDGET GLOSSARY

CONTINGENCY - Those funds included in the budget for the purpose of providing a means to cover minor unexpected costs during the budget year.

CONTRACTUAL SERVICES - Items of expenditure for services the City receives primarily from an outside company.

DEBT SERVICE FUND - A fund established to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

EDC - Stands for "Economic Development Commission".

EMPLOYEE BENEFITS - Contributions made by the City to designated funds to meet commitments or obligations for employee fringe benefits. Included are the City's share of costs for Social Security and the various pension, medical, and life insurance plans.

ENTERPRISE FUND - A proprietary fund established to account for operations that are financed and operated in a manner similar to private business enterprises. In this case, the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

EXPENDITURES - Decreases in net financial resources. Expenditures include current operating expenses, requiring the present or future use of net current assets, debt service and capital outlays, and intergovernmental grants, entitlements and shared revenues.

EXPENSES - Outflows or other consumption of assets or occurrences of liabilities (or a combination of both) from delivering or producing goods, rendering services, or carrying out other activities that constitute the entities' on-going major or central operation.

FIDUCIARY FUND TYPES - The trust and agency funds used to account for assets held by a government unit in a trustee capacity or an agent for individuals, private organizations, other government units, and/or other funds.

FINANCIAL RESOURCES - Cash and other assets that in the normal course of operations become cash.

FISCAL YEAR - The twelve month period to which the annual operating budget applies and at the end of which a government determines the financial position and results of its operation. The City's fiscal year extends from January 1 through the following December 31.

FUNCTION - A group of related activities aimed at accomplishing a major service for which a government is responsible.

FUND - An accounting entity with a separate set of self-balancing accounts which comprise its assets, liabilities, fund balance, revenues, and expenditures.

FUND BALANCE - The assets of a fund less liabilities, as determined at the end of each fiscal year. Any reservations of fund balance are deducted to result in an "unreserved fund balance".

FUND TYPE - Anyone of seven categories into which all funds are classified in government accounting. The seven types are: general, special revenue, debt services, capital projects, enterprises, internal service, and trust and agency.

GENERAL FUND - A fund used to account for all financial resources except those required to be accounted for in another fund.

GENERALLY ACCEPTED ACCOUNTING PRINCIPLES (GAAP) - Uniform minimum standards and guidelines for financial

BUDGET GLOSSARY

accounting and reporting. They govern the form and content of the financial statements of an entity. GAAP encompass the conventions, rules, and procedures necessary to define accepted accounting practice at a particular time. They include only broad guidelines of general applications, but also detailed practices and procedures. GAAP provide a standard by which to measure financial presentations.

GOVERNMENT FUND TYPES - Funds used to account for the acquisition, use, and balances of expendable financial resources and the related current liabilities-except those accounted for in the proprietary funds and fiduciary fund. Under current GAAP, there are four government types: general, special revenue, debt service, and capital projects.

HART - Stands for "Homer Accelerated Roads & Trails".

HAWSP – Stands for "Homer Accelerated Water Sewer Projects".

INTERFUND TRANSFERS - Amounts transferred from one fund to another fund. This includes reimbursements, residual equity transfers, and operating transfers.

ISO - Stands for "Insurance Services Office, Inc.", this organization does evaluations for insurance rating classifications and advises the protection class.

LAPSE - As applied to appropriations, the automatic termination of an appropriation. Except for indeterminate appropriations and continuing appropriations; an appropriation is made for a certain period of time.

LEVY - To impose taxes, special assessments, or service charges for the support of government activities. Also used to denote the total amount of taxes, special assessments, or service charges imposed by a government.

LIABILITIES - Debt or other legal obligations, arising from present obligations of a particular entity, to transfer assets or provide services to other entities in the future as a result of past transactions or events.

LID - Stands for "Local Improvement District", this is a mechanism used to obtain an organized unit for construction purposes.

LONG TERM DEBT - Debt with a maturity of more than one year after the date of issuance.

MILL - A measure of the rate of property taxation, representing one one-thousandth of a dollar of assessed value.

MILLAGE RATE - The tax rate on property, based on mill(s). A rate of 1 mill applied to a taxable value of \$100,000 would yield \$100 in tax.

MODIFIED ACCRUAL **BASIS OF** ACCOUNTING - A basis of accounting in which revenues and other financial resources are recognized when they become susceptible to accrual, that is when they are both "measurable" and "available to finance expenditures of the current period". "Available" means collectible in the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recognized when the fund liability is incurred except for (1) inventories of materials and supplied that may be considered expenditures either when purchased or when used, and (2) prepaid insurance and similar items that may be considered expenditures either when paid for or when consumed. All Governmental funds, expendable trust funds and agency funds are accounted for using the modified accrual basis of accounting.

OPERATING BUDGET - Plans of current expenditures and the proposed means of

BUDGET GLOSSARY

financing them. The annual operation budget is the primary means by which most of the financing, acquisition, spending, and service delivery activities of a government are controlled. The use of annual operating budgets is usually required by law. Annual operating budgets are essential to sound financial management and should be adopted by every government.

OPERATING TRANSFERS - All interfund transfers other than residual equity transfers.

ORDINANCE - A formal legislative enactment by the legislative body which, if not in conflict with any higher form of law, has the full force and effect of law within the boundaries of the municipality to which it applies. The difference between an ordinance and a resolution is that the latter requires less legal formality and has a lower legal status. Revenue raising measures, such as the imposition of taxes, special assessments, and service charges universally require ordinance.

OTHER FINANCING SOURCES - Governmental fund general long term debt proceeds, land lease payments, land sale payments, proceeds from the sale of fixed assets, operating transfers in, service charges, and fees for governmental services.

PROGRAM - An organized set of related work activities which are directed toward a common purpose or goal and represent a well-defined expenditure of city resources.

PROGRAM BUDGET - A budget which structures budget choices and information in terms of programs and their related activities, (i.e. repairing roads, treating water, etc.), provides information on what each program is committed to accomplish in the long run (goals) and in the short run (objectives), and measures the degree of achievement of program objectives (performance measures).

PROGRAM GOAL - A program goal is a general statement on the intended effect or purpose of the program's activities. It includes terms such as: To provide (a service), to supply (a given need), to control, reduce, or eliminate (an occurrence), to maintain (standards), or to maximize (quality). A goal is not limited to a one-year time frame and should generally not change from year to year. A goal statement describes the essential reason for the program's existence.

PROGRAM OBJECTIVE - Objectives are statements of the intended beneficial and/or tangible effects or a program's activities. They are measurable, and related to the proposed budget year. They are specific targets toward which a manager can plan, schedule work activities, and make staff assignments. Objectives should be quantifiable and are addressed in terms such as: to increase an activity, to maintain a service level, to reduce the incidence, or to eliminate a problem.

PROPERTY TAX - A tax levied on the assessed value of property in mills.

PROPRIETARY FUNDS - A type of fund that accounts for governmental operations that are financed and operated in a manner similar to private business enterprises. Proprietary fund types used by the city include the enterprise funds.

PURCHASE ORDER - A document authorizing the delivery of specified merchandise or the rendering of certain services for a stated estimated price. Outstanding purchase orders at the end of the fiscal year are called encumbrances.

RECOMMENDED BUDGET - The budget proposed by the City Manager to the City Council for adoption.

RESOLUTION - A special or temporary order of a legislative body; an order of a legislative

BUDGET GLOSSARY

body requiring less legal formality than an ordinance or statute.

RETAINED EARNINGS - An equity account reflecting the accumulated earning of an enterprise or internal service fund.

REVENUE - Increases in the net current assets of a governmental fund type other than expenditure refunds and residual equity transfers. General long term debt proceeds and operating transfers in are classified as "other financing sources".

REVENUE BONDS - Bonds whose principal and interest are payable exclusively from earnings of an enterprise fund.

SALES TAX - A tax levied on the sales price or charge on all sales, rentals and services made within the city.

SELF-INSURANCE - Revenues levied by one government are shared on a predetermined basis, often in proportion to the amount collected at the local level, with another government or class of governments.

SINGLE AUDIT - An audit performed in accordance with the Single Audit of 1984 and the Office of Management and Budget (OMB) Circular A-128, Audits of State and Local Governments. The Single Audit Act allows or required governments (depending on the amount of federal assistance received) to have one audit performed to meet the needs of all federal grantor agencies.

SPECIAL REVENUE FUND - A fund used to account for the proceeds of specific revenue sources (other than expendable trust or major capital projects) that are legally restricted to expenditure for specified purposes.

TAX RATE - The level at which taxes are levied

TAX LEVY - The total dollar amount of tax that optimally could/should be collected based on tax rates and assessed values of personal and real properties.

TESHIO, JAPAN - This is our Japanese Sister City.

YELISOVO, RUSSIA - This is our Russian Sister City.
