This ADA Compliance Committee addressed important issues and challenges facing all area and city residents. I have both overall and personal reasons for my interest. The city needs to be active in accessibility issues, especially since we live in a northern climate which makes use of mobility a challenge.

This current committee is very focused and active in improving city parks, master and productive, everyone brings a high level of professionalism and commitment to its work.

I am very interested in continuing to participate in making forward and achieving the goals set and in working with the committee members.

I apologize for this being late - I just received it in the mail.
