

MEMORANDUM

CC-26-151

Resolution 26-054, A Resolution of the City Council of Homer, Alaska, Authorizing the Staff of the Homer Public Library to Apply for an Online with Libraries (OWL) Grant from the Alaska State Library.

Item Type: Backup Memorandum
Prepared For: Homer Mayor and City Council
Date: July 30, 2026
From: Library Director Dave Berry
Through: City Manager Melissa Jacobsen

The Alaska State Library has offered Online With Libraries (OWL) grants for a number of years. In the past, those grants have been used to purchase videoconferencing equipment for the library. Current OWL grants are used to offset the cost of providing internet service to the public.

In fiscal year 2026, the library received an OWL grant of \$6,462, which paid 30% of the annual internet bill. The City Council accepted this grant through Ord. 25-69 on Jan. 13, 2026.

I would like to apply for the internet-cost grant every year, as a matter of course. The application period for FY 2027 is now open and I have attached the application form. We would again apply for 30% of the library's total internet costs, but due to a reduction in the overall bill, the grant application amount works out to \$5,130.

The deadline for applications is August 31, 2026.

RECOMMENDATION:

Adopt Resolution 26-054

ATTACHMENTS:

Application form for the FY 2027 OWL grant

Alaska State Library OWL Internet Cost Assistance Application – FY2027

1. Introduction

The Online With Libraries (OWL) Internet Cost Assistance program is a non-competitive funding opportunity that allows public libraries in Alaska to apply for internet assistance from the Alaska State Library through the OWL Program. *Submitting a proposal does not guarantee full funding. Funds are granted according to available resources.*

Only complete applications will be considered. **Applications are due to the OWL Program Manager on or by August 31, 2026.**

2. Purpose of Funding

The Alaska Online With Libraries (OWL) Program is funded by the State of Alaska to:

- Provide Alaska residents with access to high-speed internet and computing equipment in public libraries to access essential online information and resources for education, employment, government services, health, and enjoyment.
- Bring the world to Alaska by connecting people across the state with other Alaskans and Americans through internet access and events, meetings, and training via videoconferencing.
- Reduce costs for libraries, agencies, and organizations by substituting video meetings and visits for travel.
- Provide information technology training to Alaska library staff and residents to enhance future education, employment prospects, and quality of life.

OWL Internet Cost Assistance provides supplementary funding for internet connectivity costs to public libraries in Alaska as part of the OWL program's mission to provide Alaskans with the benefits and opportunities that come with access to high-speed internet.

3. Eligibility and Funding Criteria

Public libraries in Alaska that are eligible to receive the [Public Library Assistance \(PLA\) Grant](#) are also eligible to apply for OWL Internet Cost Assistance. Eligibility requires a “Yes” to the question below.

Is the public library (and branches if applicable) currently eligible to receive the Public Library Assistance Grant according to [Alaska Library Law](#)? Yes ☐ No ☐

The award amount is determined based on these factors:

- Annual internet cost
- E-Rate percentage (if applicable - receipt of E-Rate is not required)
- Amount of funding available for the OWL Program through the State.

This funding opportunity applies only to internet service for the library; it cannot be used to pay internet bills that include access for other departments or entities.

The OWL Internet Cost Assistance Program awards may be used only for recurring Internet costs. One-time fees, equipment, and/or labor costs (such as service installation costs) are not eligible.

4. E-Rate Participation

Receipt of E-Rate is not required for this funding opportunity, but it is necessary to note whether a library receives E-Rate funds.

Does the library receive E-Rate Funding? Yes ☐ No ☐

5. Budget

These funds must be spent or encumbered between July 1 and June 30. They cannot be carried over into the following year's budget or put into the city's general fund. Any money not spent or encumbered by June 30 must be returned to the Alaska State Library. 100% of the funding awarded must be dedicated to recurring library internet costs. **The OWL Award must not overlap with E-Rate funding.** If you have questions, email eed.owlprogram@alaska.gov.

A. Budget Documentation

- For libraries that receive E-Rate: Please attach a copy of your Funding Commitment Decision Letter from USAC. If you have a contract with your ISP that shows the monthly or annual amount you pay, please attach a copy of the portion that specifies the agreed-upon amount.
- For libraries that DO NOT receive E-Rate: If you have a contract with your ISP that shows monthly or annual costs, please attach a copy of the section specifying the agreed-upon amount. If you do not have a contract, please attach copies of the three most recent months of your library's internet bill.

B. Budget Documentation Summary

Please indicate the supporting documents included in this application.

E-Rate Libraries:

- ☐ Funding Commitment Decision Letter (USAC)

Non-E-Rate Libraries:

- ☐ ISP Contract documentation with the annual agreed price
or
☐ Three recent internet bills

6. Wireless Sessions Measurement Requirement

To document the use of internet connections subsidized by the OWL Program, the Alaska State Library requires that libraries receiving OWL Program funds have a method (automated or otherwise) for counting the number of wireless sessions on the library's Wi-Fi, so they can report this statistic. If a library does not have a way to measure wireless use, the Alaska State Library will provide advice on possible methods.

Please check one:

- ☐ We use WhoFi to count wireless sessions.
- ☐ We use _____ (method) to count wireless sessions.
- ☐ We DO NOT have a way of counting wireless sessions. Contact us for consultation.

7. OWL Zoom Participation (optional)

If your library does not already participate in the OWL Zoom Program, would you like to sign up for an OWL Zoom account for your library? If yes, fill out this short form:

<https://library-alaska.libwizard.com/f/getowlzoom>

8. Submission

Step 1. Complete the application.

Step 2. Gather and include all attachments.

Step 3. Obtain all signatures.

Step 4. Compile the entire application, including all attachments, into a single packet.

Step 5. Submit the complete application packet on or by **August 31, 2026**.

Applications are due by email, fax, or postal mail on or by August 31, 2026.

Email the completed application to eed.owlprogram@alaska.gov or

Fax the completed application to 907-465-2151 or

Mail the completed application, postmarked by **August 31**, to:

OWL Program Manager
Alaska State Library
PO Box 110571
Juneau, AK 99811-0571

Please confirm receipt with the OWL Program Manager if you fax or mail the application.

Questions? Contact the OWL Program Manager at eed.owlprogram@alaska.gov or 907-465-2921.

9. Reporting

The OWL Internet Cost Assistance program Report (<https://lam.alaska.gov/owl/funding-opportunities>) must be signed and submitted to the OWL Program Manager by **July 31** of the following year.

10. Acceptance of Financial Responsibility

The library, the legal entity, and the staff who handle the library bills must understand that State funds awarded through the "OWL Internet Cost Assistance" program are 100% earmarked for the approved purchases listed in this application. The awarded funding can be used only for the purposes specified in the program award agreement. If OWL funds are used for unauthorized purposes, the Alaska State Library will require the misspent funds to be returned. By signing this document, you agree to accept the terms mentioned above.

The library must maintain adequate financial records to ensure complete reporting and retain project and financial records relating to the program for a minimum of five years from the due date of the final program report or until all audit exceptions have been resolved, whichever is longer.

This application is a legal document committing your library to a specific course of action. By signing this document, the library and its fiscal/legal entity agree to accept the terms above.

11. Signatures

This application MUST have two signatures from two different people. The director can sign on behalf of the library. Examples of signers for the fiscal/legal entity include the mayor, city manager, or finance officer for municipal libraries; the board president or treasurer for nonprofit libraries; and the principal, district grants officer, or superintendent for combined school-public libraries.
