# Memorandum of Agreement (MOA) Between

# State of Alaska - Department of Health and Social Services

# **Division of Public Health - COVID-19 Emergency Operations Center (DPH-EOC)**

## - and -

# **City of Homer**

# MOA # C0621-570-C

I. PURPOSE AND SCOPE

THE STATE

**ASKA** 

GOVERNOR MIKE DUNLEAVY

The purpose of this MOA is to provide funding to government entities to implement community-driven strategies that support COVID-19 related activities. These activities include improving efforts and increase access to COVID-19 testing in the community, building capacity to increase access to COVID-19 vaccine in the community and implementing strategies that decrease health inequities, as well as other COVID-19 related recovery and prevention strategies.

## II. THE DPH AGREES TO:

Provide support to the community on COVID-19 vaccine administration, testing, and other COVID-19 related activities. The COVID-19 EOC Team is available to consult and provide technical assistance to government entities and to pre-approved pass-through recipients of award funding. The team will also ensure that approved activities meet the funding requirements.

## III. THE CITY OF HOMER AGREES TO:

Provide vaccination clinics to serve the cities of Homer and Katchemak, COVID-19 vaccine and testing communication and education, and pass-through funding to community organizations/businesses providing COVID-19 outreach services in the community.

Recipient must establish/maintain/provide electronic reporting of SARS-CoV2/COVID-19 laboratory data to CDC daily per the guidance provided by CDC (e.g., CELR). This includes all testing (e.g., positive/negative, PCR, Point-of-Care, etc.) and complete data elements (e.g., race/ethnicity) per CARES legislation and ELC performance measures.

Any additional activities not specifically stated in this MOA must be approved by the COVID-19 EOC Team prior to those activities occurring.

JOINT RESPONSIBILITIES:

IV.

Both parties will make a good faith effort to communicate about any issues that might arise that will impact the timeliness of activities, reporting, or payment.

#### V. PERIOD OF AGREEMENT AND TERMINATION:

This agreement will terminate on March 31, 2022 and receipts must be for activities prior to this date. Funds are intended to be used to support staff time (including overtime), supplies, and other materials as needed to support COVID-19 related activities.

#### VI. TERMS OF PAYMENT

The State agrees to pay the City of Homer up to \$278,416.00 over the term of this agreement.

The Contractor will submit monthly invoices detailing services performed in accordance with appendix A.

The invoice must:

- reference the contractor's name, address and phone number
- reference the contract number: C0621-570-C
- include an invoice number
- Reference the Alaska Division of Public Health COVID Admin

The Contractor shall submit final invoices to the address specified below no later than 30 days after March 31, 2022. Failure to include the required information on the invoice may cause an unavoidable delay to the payment process. The State will pay all invoices within thirty (30) days of invoice approval by the Project Director.

#### Email invoices to:

covidadmin@alaska.gov

(please reference *Community MOA Reimbursement Request* in the subject line)

Notwithstanding any other provision of this contract, it is understood and agreed that the State shall withhold reimbursement at any time the Contractor fails to comply with the terms of the MOA.

#### VII. GRANT COMPLIANCE FROM THE FEDERAL NOTICE OF GRANT AWARD

- Recipients must comply with the Terms and Conditions of this award, all Code of Federal Regulations, and the Alaska Administrative Manual.
- In addition to the federal laws, regulations, policies, and CDC General Terms and Conditions for Nonresearch awards at https://www.cdc.gov/grants/federalregulationspolicies/index.html, the Centers for Disease Control and Prevention (CDC) hereby incorporates Notice of Funding Opportunity (NOFO) number CK19-1904 entitled "Cooperative Agreement for Epidemiology and Laboratory Capacity (ELC), which is hereby made a part of this non-research award, hereinafter referred to as the Notice of Award (NoA).
- Coronavirus Disease 2019 (COVID-19) Funds: A recipient of a grant or cooperative agreement awarded by the Department of Health and Human Services (HHS) with funds made available under the Coronavirus Preparedness and Response Supplemental Appropriations Act, 2020 (P.L. 116-123); the Coronavirus Aid, Relief, and Economic Security Act, 2020 (the "CARES Act") (P.L. 116-136); the Paycheck Protection Program and Health Care Enhancement Act (P.L. 116-139); and/or the Consolidated Appropriations Act, 2021, Division M Coronavirus Response and Relief Supplemental Appropriations Act, 2021 (P.L. 116-260), agrees, as applicable to the award, to: 1) comply with existing and/or future directives and guidance

from the Secretary regarding control of the spread of COVID-19; 2) in consultation and coordination with HHS, provide, commensurate with the condition of the individual, COVID-19 patient care regardless of the individual's home jurisdiction and/or appropriate public health measures (e.g., social distancing, home isolation); and 3) assist the United States Government in the implementation and enforcement of federal orders related to quarantine and isolation.

- To achieve the public health objectives of ensuring the health, safety, and welfare of all Americans, Recipient must distribute or administer vaccine without discriminating on non-public-health grounds within a prioritized group. This includes, but is not limited to, immigration status, criminal history, incarceration, or homelessness. To this end, and to help achieve the public health imperative of widespread herd immunity to COVID-19, Recipient must administer or distribute vaccine to any and all individuals within a prioritized group in the same timeframe, taking into account available vaccine doses. For example, if meatpacking plant workers are a prioritized group, then all workers in that group, including undocumented immigrants, must be vaccinated to help assure that the plant is in a position to safely resume essential functions. In addition, to the extent applicable, Recipient will comply with Section 18115 of the CARES Act, with respect to the reporting to the HHS Secretary of results of tests intended to detect SARS-CoV-2 or to diagnose a possible case of COVID-19. Such reporting shall be in accordance with guidance and direction from HHS and/or CDC. HHS laboratory reporting guidance is posted at: https://www.hhs.gov/sites/default/files/covid-19-laboratory-data-reporting-guidance.pdf.
- Further, consistent with the full scope of applicable grant regulations (45 C.F.R. 75.322), the purpose of this award, and the underlying funding, the recipient is expected to provide to CDC copies of and/or access to COVID-19 data collected with these funds, including but not limited to data related to COVID-19 testing. CDC will specify in further guidance and directives what is encompassed by this requirement.
- This award is contingent upon agreement by the recipient to comply with existing and future guidance from the HHS Secretary regarding control of the spread of COVID-19. In addition, recipient is expected to flow down these terms to any subaward, to the extent applicable to activities set out in such subaward.

## Unallowable Costs:

- Resources funded by another HSS Contract or HSS-Cares source
- Purchase of vehicles
- Reimbursement of pre-award costs
- Research
- Indirect costs associated with the award
- Food and/or water for events
- Hospital bill or insurance claims
- Clinical care (except as otherwise noted in Domain 5 and as may be provided in further guidance from CDC)
