19 20 21	WHEREAS, The City and AKDOT/PF had entered into a cooperative Utility Agreement, whereby repairs, beyond minor grade adjustments, necessary to accommodate the new paving, would need to be funded by the City; and

26 27 28 29	WHEREAS, South Central Construction, the AK DOT/PF's contractor, discovered ten of the sewer manhole cones have shifted and are broken, probably the result of earthquake activity; and
30 31 32 33 34	WHEREAS, These manholes need to be repaired or replaced to prevent water infiltration, sewage leakage and otherwise protect the integrity of the City's sewer system and such work would be done as a change order to South Central's contract with the AKDOT/PF and as an adjustment to the Utility Agreement; and
35 36 37 38	WHEREAS, South Central estimates the cost to repair or replace these manholes is up to \$10,000 for each manhole and the AKDOT/PF estimates this effort will require additional traffic control, which will also cost additional money, bringing the total estimated cost of this work to \$150,000; and
