

CITY OF HOMER
HOMER, ALASKA

City Manager

ORDINANCE 24-17

AN ORDINANCE OF THE CITY COUNCIL OF HOMER, ALASKA AMENDING THE FY24 CAPITAL BUDGET BY RE-APPROPRIATING \$118,000 FROM THE HOMER ACCELERATED ROADS AND TRAILS (HART) TRAILS FUND TO PURCHASE A TRACTOR AND A HEAVY-DUTY TRUCK.

WHEREAS, Many tasks previously assigned to the Parks Division like campground management and restroom cleaning were redistributed to other departments/divisions in 2023; and

WHEREAS, The increased focus on maintenance for the Parks Division results in different fleet needs; and

WHEREAS, There are existing funds from the FY24 Capital Budget that would be better spent on one heavy duty-truck and one tractor instead of three light trucks and side-by-side attachments.

NOW, THEREFORE, THE CITY OF HOMER ORDAINS:

Section 1. The Homer City Council hereby amends the FY24 Capital budget by re-appropriating \$118,000 from existing appropriations for parks trucks (E-129, E-120, E-107, and E-101) and side-by-side attachments for trail maintenance to purchase one heavy-duty truck and one tractor as follows:

Revenue:

<u>Fund</u>	<u>Description</u>	<u>Amount</u>
165	HART Trails	\$118,000

Expenditure:

<u>Fund</u>	<u>Description</u>	<u>Amount</u>
152	General Fund Fleet CARMA	\$118,000

Section 2. This ordinance is a budget amendment only, is not of a permanent nature and is a non code ordinance.

ENACTED BY THE CITY COUNCIL OF HOMER, ALASKA this 26th day of March, 2024.

Effective Date: *March 27, 2024*

MEMORANDUM

Ordinance 24-17, An Ordinance of the City Council of Homer, Alaska Amending the FY24 Capital Budget by Re-Appropriating \$118,000 from the Homer Accelerated Roads and Trails (HART) Trails Fund to Purchase a Tractor and Heavy-Duty Truck. City Manager.

Item Type: Backup Memorandum
Prepared For: Mayor Castner and Homer City Council
Date: March 21, 2024
From: Daniel Kort, Public Works Director
Through: Melissa Jacobsen, Acting City Manager

The following information is provided to the City Council to provide additional clarity to the intentions of this re-appropriation of funds.

The original appropriation for 4 light duty trucks was made under previous Parks Department staffing levels and was appropriate at the time. However, due to re-organization of the Department (including staffing reduction) and re-assignment of responsibilities, the current planned purchase of the 4 light duty trucks no longer matches the Department's needs. The Department has already purchased one of the 4 light duty trucks, and is proposing to purchase one Heavy Duty Truck and one Tractor in replacement of the remaining 3 light duty trucks.

With the new Parks Department being a Department of one full time employee and the equivalent of approximately 2 or 3 temporary seasonal positions, the conversion of the 3 remaining light duty trucks to one heavy duty truck and a compact tractor would better suit the needs of the Department and allow the limited staff to be more efficient with available time. Further, the Department cannot fully rely on the temporary seasonal positions being filled each year due to the limited pool of available candidates and the pay rate is not competitive to other regional seasonal employment opportunities.

Additionally, the heavy duty truck planned for purchase will be replacing the existing Parks Department's truck E-132 which is a 1999 Ford F-550 which has been "Red-Tagged" because it has exceeded its useful life and the cost of required repairs is no longer justified. This means the Department isn't truly adding a new heavy duty truck to the Department's inventory of rolling stock, but rather replacing an existing one that has exceeded its useful life.

The compact tractor planned for purchase will allow the Department to be more efficient with staff time. This tractor will come with additional attachments including a box blade, a snow blower, backhoe, and mowing deck. This piece of equipment will be critical to increasing staff efficiency.

The Department intends on using this tractor to widen some of the narrower trails to accommodate the small tractor for both winter and summer maintenance. Then the box blade on the tractor will reduce the labor associated with placement and leveling of gravel on trails and placement of materials and leveling ground in the parks. The backhoe for the tractor will allow for easier ditching and maintaining of drainage to keep trails dryer and open which is one of the biggest trail maintenance challenges. The loader attachment will increase staff efficiency with spreading materials on both trails and parks. The mower deck will allow the staff to additionally use this tractor for mowing as needed for both parks and trails. The tractor and mower will not be able to facilitate all mowing needs for the Department, so the Department plans on supplementing mowing needs with contractors as the Department has done in the past.

Recommendation: Adopt Ordinance 24-18

MEMORANDUM

Ordinance 24-17, An Ordinance of the City Council of Homer, Alaska Amending the FY24 Capital Budget by Re-Appropriating \$118,000 from the Homer Accelerated Roads and Trails (HART) Trails Fund to Purchase a Tractor and a Heavy-Duty Truck. City Manager.

Item Type: Backup Memorandum
Prepared For: Mayor Castner and Homer City Council
Date: February 27, 2024
From: Rob Dumouchel, City Manager

Vehicle and equipment needs for the Parks Maintenance Division of Public Works have changed over time, and this ordinance would take existing HART Trails appropriations and modify them to allow for the purchase of items that are a better fit for current focus and staffing levels.

In 2023, some tasks assigned to the Parks Division were redistributed to other departments/divisions to address the unsustainable nature of the Parks Division's work load. The restructured Parks Division is now focused on park maintenance, and it needs specialized maintenance vehicles as opposed to a small fleet of light trucks.

The FY24 Capital Budget included an appropriation for four trucks (\$150,000 – vehicles E-129, E-120, E-107, and E-101) and some equipment for the Parks Division's side-by-side (\$10,000) for a total of \$160,000 in appropriations. We have acquired one of the four trucks at this time (\$42,000) which leaves \$118,000 remaining. This proposed ordinance would convert the remaining funds into a tractor and one heavy-duty truck that can plow, sand in winter and serve as a water truck in summer.

The heavy-duty truck will likely take up to a year to procure due to supply chain issues. Trucks, particularly specialty and heavy-duty trucks, have had lead times of one to two years in many cases. The tractor is something that we believe we can procure in time for the 2024 summer season.

If this ordinance is approved, Administration will be considering shifting some contracted facility snow plowing services to the Parks Division.

RECOMMENDATION: Adopt Ordinance 24-17

Fleet Overview

The City's fleet is attempting to go through a transformation. We have many older vehicles, particularly in the Fire Department, which need to be replaced in order to continue to meet Departmental missions. We budgeted for big strides in the FY22/23 Capital Budget, however, we have faced many supply chain challenges which have included extended wait times, or even extended periods of time in which dealers will not even take orders for new vehicles.

The following list shows all current fleet vehicles, pumps, plows, and other equipment maintained by the Public Works Motor Pool. The data contained within the table, direct from our rolling stock asset management program, includes the manufacture date and expected life span of the various items. There is also a Risk Rating which scores items from one to five, with one being low risk and five being high risk. The Risk Rating is a composite of a Likelihood of Failure (LOF) rating and a Consequence of Failure (COF) rating.
