

## 2. Multi-Use Community Recreation Center

**Project Description & Benefit:** This project secures land, designs and constructs a multi-use community center to meet Southern Kenai Peninsula community needs, while contributing to the overall economic development and quality of life of Homer’s residents, businesses and visitors. This project is the first phase in designing and constructing a multi-use community center to adequately serve the social, recreation, cultural, and educational needs of the Homer community. The community has long prioritized the need for indoor municipal recreational and community space, especially considering the ongoing challenges of operating in the local schools and the city’s aging and defunct HERC facility. A 2015 City of Homer Parks, Art, Recreation and Culture (PARC) Needs Assessment validated this perceived need; a 2022 follow up assessment showed increased public demand for recreation space, reflecting the community’s high priority on access to public recreation and educational spaces. Public input describes the community center as a comprehensive multi-generational facility that offers something for people of all ages and identified a general-purpose gymnasium, multi-purpose space for instructional programs, safe walking/running, dedicated space for youth and possible emergency shelter as priority features. Preliminary data and feedback from the 2024 Comprehensive Plan rewrite shows continued strong community support for an indoor recreation facility.

**Plans & Progress:** In 2018, a City Council appointed Task Force completed several months of study and recommended building a new community facility, rather than trying to rehabilitate the HERC facility. The retrofits needed to bring the building into modern code compliance exceeds the cost of new construction. In September 2021, the City expended \$49,964 to update the recreation needs analysis, engage the public and produce concept designs and construction cost estimates for different options for a new multi-use center.

A 2023 hazmat report of the City-owned facilities at the HERC campus, which had been the preferred site, determined this location will not be possible in the near term due high cost of mitigation. In 2023, the Mayor appointed two City Council “Recreation Champions” to spearhead this project and is in the process of reviewing possible locations for a community center, preferably centrally located. In 2024, the City Council appropriated a total of \$1,300,000 towards the project. These are significant steps towards identifying a location, refining the project’s scope and moving it forward. Subsequent steps will include finalizing design, cost estimates and completing a feasibility study for ongoing operations and maintenance.

**Total Project Cost:** \$16,050,000

FY25 Phase 1: Land Purchase \$ 700,000

FY26 Phase 2: Final Design & Feasibility Study \$350,000

FY27 Phase 3: Construction \$15,000,000

**FY26 State Request:**

Phase 1 & 2 \$ 400,000

**FY26 Federal Request:**

Phase 3 \$14,350,000

City of Homer Match: \$ 1,300,000

Funding Secured	FY24/25
City of Homer funds	\$ 400,000
Gas Line Fund	\$ 900,000

The City of Unalaska’s Community Center is an example of a centrally located, widely used recreation facility by both residents and visitors.
