Purpose:

To gather team members from Alaska District, the local sponsor, Agency Technical Review team, the Corps of Engineers vertical team, and other stakeholders to discuss and agree upon the problem statement, goals, and criteria to measure success for this project.

Objectives:

- Reach consensus on the study's Problems, Opportunities, Objectives and Constraints
- Develop criteria and metrics for alternative plan evaluation, comparison, and selection
- Identify the path toward to complete the final array of alternatives for the study (Corps' Alternatives Milestone)
