

Public Works is Operating at Reduced Levels of Service due to COVID 19 Virus.

Call 235-3170 for Assistance. In an Emergency – Call 911

In light of the COVID 19 virus emergency, Public Works has activated our **Continuity of Operations Plan**. During the declared emergency, Public Works has reduced its operations and is focusing on maintaining essential functions only. Non-essential services take second priority. The Public Works building is closed. Non-essential employees are working from home; field personnel are working in shifts (maximizing social distancing). These changes will be effective beginning Monday, March 23, 2020 and will remain until further notice.

ESSENTIAL FUNCTIONS

Water Treatment - Produce drinking water at the water treatment meeting EPA drinking water standards.

Sewer Treatment - Treat wastewater generated within the community meeting NDPES permit regulations for environmentally safe discharge to Kachemak Bay.
