

## DRIVEWAY CONSTRUCTION INSTRUCTIONS

A permit to use or occupy roads or streets with access or driveway approaches must be obtained before any work shall be undertaken within the limits of a street right-of-way. **The cost of all the construction AND maintenance of the work shall be borne by the applicant, his grantees, successors and assigns (11.80.090)**

Our inspector will review the driveway site with permittee and/or contractor before construction begins and will advise permittee and/or contractor of the City requirements and grant the permit accordingly. **24 hours notice in advance of construction is required ~ 235-3170.**

After the driveway is completed, our inspector will inspect the work. If it is acceptable, the inspector will note on the permit that the construction is approved. If not acceptable, the inspector will advise the permittee and/or contractor and note on permit why it is unacceptable to the City.

**Should the permittee and/or contractor not know the exact date that the driveway construction will begin, the Public Works Inspector must be notified at least 24 hours in advance as to when the work will begin.**

**Any questions regarding the City's requirements regarding construction should be directed to the Public Works Inspector at 907-235-3170.**

### **CONSTRUCTION NOTES:**

1. Stabilized fill material is required for the top two feet of the driveway for a distance of 15 feet from the shoulder line. Fill will not contain material exceeding two inches in diameter, and the top six inches within the R.O.W. must match the top course material of the road surface, however, not exceeding one inch in diameter.
2. Driveway will be constructed to match slope of shoulder or traveled way if no shoulder, for a distance as directed by the inspector.
3. Stabilized material for bedding for a minimum distance of six inches around the culvert will not contain material exceeding two inches in diameter.
4. All construction materials, methods and practices shall be in accordance with HMC Title 13, Standard Construction Practices.
5. Contractor must be licensed in the State of Alaska, bonded and insured to work in the City R.O.W.
